John A. Braley, WCF President

This year's Washington Chess Federation administration has, of
this writing, held office for three months. At the February 25
meeting, Vern Glaser became Vice-President and Derrick Robinson
Treasurer, thus finally filling the vacancies on the board.

Despite our slow start we've so far successfully carried for-
ward the normal functions of the WCF. For example, under the
watchful eye of WCF TD Stan Scott eight competitors recently
jostled for the title of Washington State Champion. As a full
account will be given elsewhere in NWC, let me pause here only
to congratulate the winner, Bobby Ferguson, and to comment on
the spectators. As you know, chess is primarily a participa-
tion sport; nonetheless, several people enjoyed watching. In
addition to many honest chess citizens, the visitors included

some infrequently seen chess aristocrats such as Ken Tomkins,
Jim Blackwood and Bob Lundin, and chess royalty: GM Yasser
Seirawan, IM Nikolay Minev, and IM John Donaldson. With only
four draws, numerous tense time scrambles and the outcome un-
decided until the last move, there was plenty of excitement.

The annual Washington Open is another event proceeding on
schedule. We have been very fortunate this year in obtaining a
bid from the Student Union at Western Washington University for
this tournament. Three goals of the WCF are furthered: (1) To
re-establish the Washington Open as a grand three day event;
(2) To broaden the sponsorship of state events; (3) To hold
more open tournaments outside of the Seattle/Tacoma area. The
latter is especially important this year in that it appears
that Peter Dessaules may be taking a sabbatical from one of the
state's most popular tournaments, the Columbia Cup in Richland.

The "1987 Washington Open at Western Washington University,"
near Bellingham, May 23,24,25, promises to be a perfect warm-up
for the 1987 U.S. Open. The organizers have arranged a healthy
prize fund, pleasant site, good ID and are throwing in some ex-
tras such as unique trophies and club and team championships.
The latter will not affect the normal progress or pairings of
the tourney but allows players' points to be counted towards
their team's total for a little extra fun - a playful side-bet,
as it were. For extra fun between rounds the organizers are
attempting to induce computer game, computer software, and
video distributors to display their increasingly interesting
chess wares in the large analysis room, along with the normal
array of beloved booksellers. (If interested in displaying,
please contact me.)

In relation to this tournament I will be sending informative
material to all the chess clubs in the state. In that mailing
I plan to include a detailed questionnaire; I believe a
statewide inventory of chess resources will be very useful in
aiding local clubs. Presently we have addresses for these
clubs: Olympic, Kitsap, Tacoma, Grays Harbor, Boeing, Green-
lake, Seattle, Cowlitz, Lewis County, Willapa, Valley, Tri-
Cities, Inland Empire, Yakima. Clubs we've missed and inter-
ested school groups and league teams are invited to send me a
mailing address. Questions and advice are also welcome.

I would like to hear from anyone interested in devising, or
participating in, a method (or methods) of statewide repre-
sentation in the WCF. For example, Ohio is sectioned into
geographical areas with a "trustee" responsible for each area.
We need something of this sort to enhance communication and
compensate for the unbalanced concentration of chessplayers in
the Seattle area. I would like to try some such system on an
informal basis for a year or two, then incorporate it into the
WCF if it proves effective.

If all goes well, the next world championship match will take
place in October. Let's try to get Shelby Lyman's program on
the match into as many TV stations in the state as we can.
I've been collecting material from local and national media
(i.e., the P.I.'s excellent coverage of the last match and the
striking full-page picture of Kasparov in the Jan '87 LIFE) to
demonstrate to program managers that there is, indeed,
widespread interest in chess. Contributions to this
"scrapbook" would be helpful (photo-copy is fine). Since many
letters to the educational stations would offer the best chance
of achieving our goal, we are attempting to organize letter-
writing campaigns. Those interested please contact me.

Even a cursory knowledge of our human resources, in terms of
organizing and instructing, combined with the direct experience
of kids' enthusiasm for chess tells me that this state may be
ripe for a major scholastic program that would enrich the whole
chess community. The WCF has a long history of involvement in
junior chess; other organizations, such as the Tacoma Chess In-
stitute, are doing their part. But I think it may be time for
a full-scale statewide effort on our part to plant the seeds of
chess in schools where it lies fallow and help nourish it in
schools where it already blooms. (Did you know that there is
almost no elementary school chess activity in the whole of
Seattle?) Again, I request contact from those interested.

The WCF is at an ebb right now - membership is low. However I
am not inclined to seek abstract support; my concern is in im-
proving the usefulness of the Federation. In some of the above
paragraphs I have asked for aid for specific projects I believe
beneficial to chess and chessplayers in the state of Washing-
ton. On the whole, the present board members of the WCF are
interested in aggrandizement neither for themselves nor for the
WCF. We are interested in doing something for chess and
chessplayers. I am sure there are many like-minded individuals
out there. Won't you join us in this effort?

ACUI Region XIV Tournament

Report By Neil Dale, TD

The ACUI Region XIV chess tournament was held at the Erb Memorial Union, on the University of Oregon campus, Feb 20-21. Manuel Joseph, Chemeketa Community College, was the winner. Dennis Ambler, of North Seattle Community College, finished second, on tie breaks over Preston Polasek, Wayne Hsu, and S. Somasundaram. The team title was claimed by the University of Washington. Sixteen players participated. Jim H. Teh, USCF 1456, managed to snag half a point from the winner.

Birth of a Tournament

By Lewis L. Richardson Jr

Few players and/or organizers realize the many services that the OCF can provide in organizing, sponsoring, and publicizing a chess tournament held in Oregon. The OCF can act as the sponsoring USCF affiliate by co-sponsoring or sponsoring the event, thus saving the organizer of one or two events a year the \$30 cost of USCF affiliation. The OCF can provide advance funds to pay for CHESS LIFE and NWC Tournament Announcements, preparation and mailing of flyers, and possible site rental deposits, such funds to be repaid from tournament entry fees. The OCF has a bulk mailing permit out of Portland. Properly prepared material (minimum of 200 pieces) can be mailed at the rate of 14 cents per piece from Portland. Also, tournament flyers can be printed, addressed and mailed for 26 cents per piece with a minimum of 200 and maximum of 500 pieces. Incidental to my duties as OCF Secretary-Treasurer, I maintain a computerized database of Oregon chessplayers. Organizers or clubs desiring a list of names and addresses of current OCF and/or USCF members in their area can send me a self-addressed stamped envelope (OCF, 1135 14th Street, Astoria, OR 97103). A complete list of all known Oregon players, including former and current OCF members, USCF members and OMSI players is available for \$1.00 to cover costs of mailing and photocopying. Self-sticking mailing labels are also available; contact me for details. The OCF Board of Directors collectively have over 50 years of experience in organizing, sponsoring and directing chess tournaments. We are always willing to give advice and assistance in determining tournament structure and preparing tournament budgets. If you need a USCF certified Tournament Director, the OCF Board of Directors will help you locate one. We can arrange for the use of USCF Rating Supplements.

The Linn-Benton Open (LBO) is an example of what the OCF can do. At the Oregon Open last September Dan Rogers asked me why there aren't more tournaments in the Corvallis-Albany area. I suggested that he locate a site and ask the OCF to sponsor a tournament there. (Article XIII, Section 6 of the OCF Bylaws requires that the OCF sponsor chess tournaments anywhere in Oregon where there is sufficient demand, provided that a member requests that a tournament be held there and provides the address of at least one possible site.) To my surprise, in less than three weeks Dan did this and more. He located a site and made a tentative reservation. He provided a suggested tournament format (tournament name, prize structure, number of rounds, number of sections, entry fee, and time control) and volunteered his services as tournament director. Since there was time pressure involved (i.e., the Oct 15th deadline for publication of the TA in the Dec issue of CHESS LIFE), I phoned Dan to discuss some necessary details. The I polled the OCF Board of Directors by phone to determine if the OCF was willing to sponsor the LBO. The vote was 5 in favor and 2 not at home, and the TA was in the mail the next day.

I agreed to act as the OCF representative and Dan and I worked out a formal agreement detailing responsibilities concerning the LBO. The OCF agreed to sponsor the tournament, be responsible for all financial obligations arising from the LBO, prepare tournament announcements for NWC, loan Dan USCF rating supplements, provide necessary tournament directing supplies, and prepare and mail at least 200 flyers advertising the event to chessplayers in nearby cities. Dan agreed to become a USCF

certified Club director before the tournament, direct it, collect and forward entry fees and memberships from the tournament, and prepare an article for NWC. The result of this cooperative effort was a very successful Linn-Benton Open.

If you live in Oregon and you would like to see a chess tournament held in your town, find a site, contact any member of the OCF board of Directors (our names and addresses can be found in most issues of NWC), and the OCF will do as much of the rest as you like. Since, at the present time, the OCF financial resources are somewhat limited, there is one stipulation. Any tournament sponsored by the OCF must be structured so that it will financially break even in the opinion of a majority of the OCF Board of Directors.

Linn-Benton Open (Jan 24-25)

Report by Daniel T. Rogers

The first ever USCF-rated event in Albany was won easily by Richard Becker. Mike Vaughn, inspired by the Super Bowl game on a downstairs TV, tied for 2nd, 3rd, and 1st Class A with Duane Polich. Other class prizes were won by Todd Graves (B); Greg Heinrichsen and Jonathan January (C); Albert Babcock, Vince Maraia and Joel Hoff (D/E/Unrated). -- Continued page 54

U.S. OPEN HISTORY

By Ralph L. Hall

At the 1985 U.S. Open in Hollywood, Florida, Yasser Seirawan won his first seven games, then took four draws and another win to capture the first place trophy on tie-breaks over Boris Spassky and Joel Benjamin. 498 players competed in the tournament.

Among Yaz's other achievements in the past two years was second place at the 1985 Interzonal in Switzerland and clear first place in the 1986 U.S. Championship. He is a candidate for President of the USCF in the 1987 elections.

At the '85 Open, he defeated Arthur Bisguier in 24 moves. Bisguier won the U.S. Open Championship in 1950, 1956, and 1959.

The number before the slash is the points scored; after the slash is the opposing team number. Solkoff tie-breaks, adding opponents' scores.

This year's team tournament, held at Mariner High School between Everett, saw 171 avid high schoolers (including alternates who may have played only one round) fighting for ten trophies, some medals, certificates, and other prizes. The site (Mariner Coach Ric Peeps, host) was perfect: the Mariner gym (one of those quiet floors), with lots of side space where skittlers and speed demons could go, and from which they could watch the competition through windows. After five rounds and eighteen plus hours of chess, Shorewood, in its first year with a chess program, took the honors. Many observers suspected that with the move of the Schmeck-LaF unit to Shorewood from Shoreline, closed in June 1986, the new team would develop quickly. But not even the team members believed after their third in Metro League, that they could win it all. The Shorewood team: Chris Schmeckle, Calvin Greger, William Hung, Young-Sae Song and Stefan Persson, coached by Ollie LaFreniere and trained by Matt Edwards. Shorewood won their first two rounds 5-0 and were never headed thereafter, concluding four full points ahead of the field. Each player, except Schmeckle with only a draw, gave up only one point of five. On the way to victory, Shorewood defeated two league champions four to one.

Second place is headed by Harold Miklander, a Danish exchange student and a member of the Danish national team. He taught his team well this year, with opportunities provided by Louie Hamm, coach. Roosevelt, with Miklander making Schmeckle's point unsure (the game was an interesting draw), tied Shorewood and outpointed all other opposition. The other Roughriders: Simon Chow, Peter Pan, Amos Latteier, Frank Itoll.

O'Dea surprised everyone, arriving at third, and had a good deal of pairings luck as well. This would have been a good year for O'Dea had they not had to give up a forfeit match in the Metro League, and they confirmed this by performing well at State. The O'Dea players: Mike Marley, Matt Badley, Roy Simperman, John Kenny, Joe Calacat. The O'Dea coach is Barrett Corrigan.

After Seattle's Metro league took the first three places, TAPCO's Wilson picked up fourth. Laboring mightily on the upper tables the whole tournament, Coach Jerry Thorpe's "Vietnamese Attack Squad" pulled fifteen points. A few of these young men are only in school for chess, and with instruction, their tenacious play will bring them success. Wilson: Phat Nguyen, Jerome Brown, Mo Nguyen, Cuong Nguyen, Margaret Goodro. Wilson was TAPCO champion.

Cascade, WESCO League champions, took fifth place. More was expected of this first place seed, but the points just didn't come. Al Frash coaches Cascade: David Roper, Todd Gilbert, Mark Coates, Pete Diemert, Kim Fricke.

A surprise in the tournament was the performance of Garfield, Metro League champions and defending titlist. They were blown out in the last round by Shorewood and could garner only 14 points for ninth place.

Best board performances were as follows: Board 1: Trevor Gulick, perfect score, Snohomish. Board 2: Sam Elder, perfect score, Federal Way. Board 3: 4.5 points of 5, Peter Pan, Roosevelt, Robert Dixon, Mountlake Terrace, and Joshua Teeter, Mariner. Board 4: perfect scores, Ranella Estrella, Franklin and Eric Shen, Lakeside. Board 5: perfect scores, Eric Slane, Kentridge, Paul Choi, Federal Way and Scott Sandwick, Garfield.

In the annual coaches' meeting coaches directed the High School Director to support the annual Oregon-Washington Interstate match (following each state's team championship tournament) with a venue in Washington in 1988. The coaches expressed confidence in current tournament organization and operation practices and gave the right to interpret player eligibility rules to the high school director and the tournament director. Ollie LaFreniere was re-elected High School Director by acclamation. The coaches supported LaFreniere's decisions to use high school tournament funds as he thought best to aid high school chess and its players. The tournament produced a profit of \$206.99. The total residual in high school funds is now \$294.56.

The 1988 State Team tournament was set for February 26-27 at Mountlake Terrace High School, north of Seattle. (Editor's note: Mountlake Terrace hopes to have three exchange students next year, one each from the Soviet Union, West Germany, and Japan. We then sort of joked about who would be playing on boards 4 and 5 next year!)

As in all tournaments organized by LaFreniere, adequate secretarial help was a hallmark. Secretaries John A. Scott, Andrew Shogren and Lisa Benzon worked hard. Wall charts were quickly posted, the rating reports were ready to mail Monday, and tournament directors Bob Karch and Hanniegn Pitre (JV section) were able to be on the floor where the action was.

1987 JV High School Individual

TD Bob Karch came up with this idea last year; it was a good one and High School Director LaFreniere at once organized the tournament concurrent with high school team. In this tournament, alternates who come with their team can compete for prizes, and still substitute for varsity players in the main event, taking a half point bye in the JV tournament for a round. Coaches are delighted to see their younger players get some tournament experience.

Hanniegn Pitre again directed a seventy player event. He commented that there was some pretty terrible chess out there. But they have to start somewhere.

Angel Aguado was the only player to score five points. The young man from Lake Washington HS took home a nice first place trophy. Tied at 4.5 (Solkoff tie-breaks) were Scott Hungerford, Garfield, second, and Aaron Lake Washington, third. There followed third place Phil Rogers, Everett, and I-Chen Chao, Roosevelt, at four points. All received trophies.

Class certificates were also awarded. Best senior: Khoi Bui, 4 points, Lindbergh; Best Junior: Khoat Vo, 4, Wilson; Best sophomore: Matt Mead, 4, Snohomish; Best freshman: Tohun Kim, 3, Bellarmine Prep.

Director Pitre extrapolated team scores, based on best three scoring players from a school, to award three team trophies. First team was Lake Washington with 13 points. Second was Garfield, 11.5 and third was Snohomish with 10 points.

Sweet Home Wins Again!

Report By Neil Dale

Sweet Home successfully defended its title in the Oregon High School Team Championships held Feb 27-28 at Rex Putnam High School in Milwaukie. It was a close fight for first between Sweet Home and Wilson, and Beaverton. Both Sweet Home and Wilson finished with 3.5 points, then tied-breaks took over. Grant drew both Wilson and Beaverton, but those tough matches must have tired out the Grant team, as they got steamrollered by Milwaukie 5-0 in the last round. Beaverton drew Sweet Home in the last round; another half point would have given Beaverton the championship. Catlin Gabel had the toughest last two rounds, having to play Sweet Home and Wilson in succession. They well may be the team to watch next year.

In the B division, Oregon Episcopal was first, Aloha taking second. The individual tournament was won by Tim Coffey of Cleveland, Art Adams of the same school finished second. Host for the event was Paul Boring. Mike Olson and I directed.

Besides the winner of the individual competition, who finished 5-0, only one player in the team event had a 4-0 score: Bobby Anderson, 4th board for Wilson. Thirty participated in the individual tourney, and 12 teams in the B competition. The team that traveled farthest was Henley from Klamath Falls.

Eugene Open (Jan 10-11)

Report by Michael E. Vaughn

Chess in Eugene, Oregon??! Yes, that's right, we are having chess tournaments in Eugene, Oregon again, our first since the Oregon Category Championships of Feb, 1985 (two years ago)! The Eugene Open was held at the University of Oregon in the Student Union Building. The tournament was sponsored by the Lane County Chess Club (Eugene) and directed by Michael Vaughn. We drew 28 players from 2 states! Bobby Ferguson (2255) came down from Seattle to visit his girlfriend and play in the tournament. Dave Arganian (2211), a University of Oregon law student from East Lansing, Michigan was the other Master in the event.

The tournament winners were Arganian of Eugene, Jay T. Collins (2167) of Eugene, and Stuart Warren (1936) of Eugene. Each player had a score of 3.5 out of 4.0 to tie for first place overall. Congratulations! Other winners were: 2nd Quartile, Dan Rogers (1836) of Albany, OR and Robert Haselden (1793) of Trail, OR; each player had 3 points. For the 3rd Quartile, Charles Haselden (1542) also of Trail, OR won it outright! - with 3 points. In the 4th Quartile, Michael Connelly (unr) of Eugene, OR won it outright with 2 points! Congratulation to these players. Here is the biggest upset game of Round 3:

A back and forth game. If White had a draw after time control (move 45), I could not find it. White's slip on move 15 cost him a fine bit of work carefully constructing a workable space advantage. At best, Black's play could be called opportunistic and original.

Chess News From Roseburg

Report By Gerald E. Barker

Roseburg Chess Club Tournament II went smoothly, participation was up 10% over our first tournament with 22 players. As tournament director I was concerned that we might have more players than we had seating for; we had table space for 24. In light of Charles Geary's letter advocating our time controls, 40/1, 30SD, and hoping we could draw 100 players, and the fact that I had already received four times the advanced entries of our first tourney, I checked on renting a few tables. As it turned out we had a nice fun tournament and everyone seemed to have a good time.

The clear winner with 4.5 was Michael Vaughn from Dorena, representing the Lane County Chess Club. Second place was a 3-way tie at 4 between Mark Turner, Dan McLeod, and Thomas Knackstedt. There were some good games and not so good but I don't think the faster time controls were in any way a detriment to the quality of chess that was played.

As far as club goings on, we just finished a King's Gambit tournament, each game to start 1 e4 e5 2 f4 ef4, a four round swiss played one game a week at the regular club meeting. So as not to be chauvenistic, a Queen's Gambit tournament is in the works.

(Continued from page 51) This tournament brought a lot of Albany players out of the woodwork to express their support for the tourney and formation of an Albany Chess Club. I therefore wish to thank Lew Richardson and OCF for their inspiration and guidance in making my first tournament as director into a success. Dan Rogers

Summary of WCF Officers Meeting 2/25/87

In Attendance: John Braley--President, Vern Glaser--Vice President, Russell Miller--Secretary, Derrick Robinson--Treasurer, Stan Scott--TD, Robert Karch--Editor
NORTHWEST CHESS, and Art Glaser.

Derrick Robinson was elected to fill the vacant Treasurer slot and Vern Glaser was elected to fill the vacant Vice President position.

It was passed that the November 1987 issue of **NORTHWEST CHESS** is to be called the 40th Anniversary issue since the first issue of **WASHINGTON CHESS LETTER** under the WCF was in November 1947.

For the next meeting ideas on how to use the SASP money that USCF is holding for the Washington Chess Federation are to be discussed. Some ideas already mentioned are:

1. Give grants to chess tournaments outside the large metro areas.
2. Give grants to Futurity events.
3. Help start a major scholastic program.

Art Glaser suggested having booths at County Fairs to promote chess and that the smaller county ones are easier to get space at.

We still plan to work on getting the next World Championship Match program on Public TV in the Seattle area and other areas of the state by writing letters to the Public TV stations. The next match should be during October 1987.

Getting more women to play chess was discussed. Should we have a women's championship is a topic for more thought. Some women players don't like to play in all-women events. Having a top woman player give simulms in schools might be a way to go.

WCF should be helping clubs more. A list of clubs has been provided by Gary Dofner but we are not sure if it is complete or correct and John Braley is looking into that. Also, we probably will make a special effort to invite club officers to a future WCF officers meeting but all officer's meetings are always open to any WCF member or anyone interested in chess.

Tacoma Chess Clubs non-support of WCF and NWC was discussed and John Braley will write and/or talk to John Ward, President of Tacoma CC. More effort will be made to make the WCF worthy of club support.

The Treasurer reported that there was about \$600 in the WCF savings account.

The next officer's meeting will decide when to hold the annual meeting. The date and site will be picked to try to get more members to attend. Attention is being given to a method of representation whereby every area of the state will regularly take part in the WCF process.

The Seattle Seafair tournament normally held in August will be held on July 25-26 due to the U.S. Open in Portland.

Topics under discussion included having a State Speed Championship, Tournament Director Seminars, holding the State Class Championship, and having more of the State events held in other parts of the state.

The State Tournaments up for bid will be decided by the Board of Officers. People who would like to bid are asked to write the State TD Stan Scott for a bidding form. The events are: Challenger's Cup, State Class, Washington Open, and State Speed.

Robert Karch reported on the level of subscribers to NWC in Washington by a means of a state map showing where the subscribers live by zip code.

The next WCF Officer's meeting will be held on Wednesday, May 6 at 7:30pm at Stan Scott's.

SPOKANE CHESS CLUB

Report By David L. Collyer

Ben Fitch captured his first Spokane Chess Club Championship by destroying a strong field 6-0. As the highest-rated player, Fitch was expected to contend for first place, but his method of victory demonstrated his superior skill and preparation.

Ben was born and raised in the greater New York area, attended college at Northwestern in Chicago, and is employed as principal oboist for the Spokane Symphony. He learned the moves at age ten and played in his first rated tournament in 1982. His initial rating was in the 1200's.

Ben inched over the 1800 level in early 1986 and, with his victory in our club championship, will climb into the 2000 bracket. A short phone interview with Ben gleaned the following:

Books he found helpful include Pachman's series on tactics, strategy, and pawn play; THE ART OF ATTACK by Vukovic; TEST YOUR TACTICAL ABILITY, and material covering Fischer and Seirawan. He is an avid fan of postal chess, playing in both USCF and ICCF sections. This activity, in conjunction with seeking tournaments in which strong players compete, helped Ben progress as rapidly as he did.

His opening preferences have evolved from 1 e4 as White to offbeat choices such as 1 b3 or 1 Nc3 and then back to 1 e4. He enjoys the French and Nimzovitch against 1 e4, and prefers ...e6 as Black against 1 d4, transposing into a Dutch or Slav strategy. His personal study time is divided equally between openings and endgames. To keep current, Ben finds NEW IN CHESS magazine to be very helpful. Here are his last three games in the championship:

OLYMPIA FUTURITY GAMES

Dave Ross opens with Bishop's Opening, quickly transposing into the Piano. The idea behind Bc4 is to lure Black into placing his KB on c5 and then play a Ruy Lopez type pawn storm against the 'misplaced' Black Bishop. (Editor: But note that after move 6, Black has 4 pieces developed and White only 2; after 10 moves it is White 4, Black 6.) Ross begins his pawn storm with his King as yet uncastled but safe. Viktors looks the situation over and, sacs a Bishop to mobilize the Knight on d4! The Knight hop gains tempo against the Queen on e2 and we are wondering if the huddle of White pieces on c1/c2/d1/d2/e1 a mass or a target? Viktors exchanges Bishop for the Knight on f3 and Ross automatically recaptures 15 gxf3. And spends an hour considering his next move. Analysis indicates that the way to refute the attack was 12 Nxf3. After 12...Nb3 13 Bxb3 Rxd1+ 14 Bxd1 Qxb4+ and ...Qxe4 Black would have Queen, Knight, Rook and 7 pawns vs White's 2 Rooks, 2 Bishops, Knight and 4 pawns. Still, here Black's attack is broken. Now, however, the game becomes a question of White's King's safety. Each side has 12 minutes to make 24 moves. Would you trade your King's safety for a piece in such time trouble? The game gets away from theoretical forcing moves as Vik turns his game into lasting pressure. Ross loses on time as he makes the losing 39 Kgl, allowing ...Nxf6+ with the discovered attack on the White Queen. Uncle Vik's time pressure looks like his best weapon.

SAN DIEGO SPARKLES!

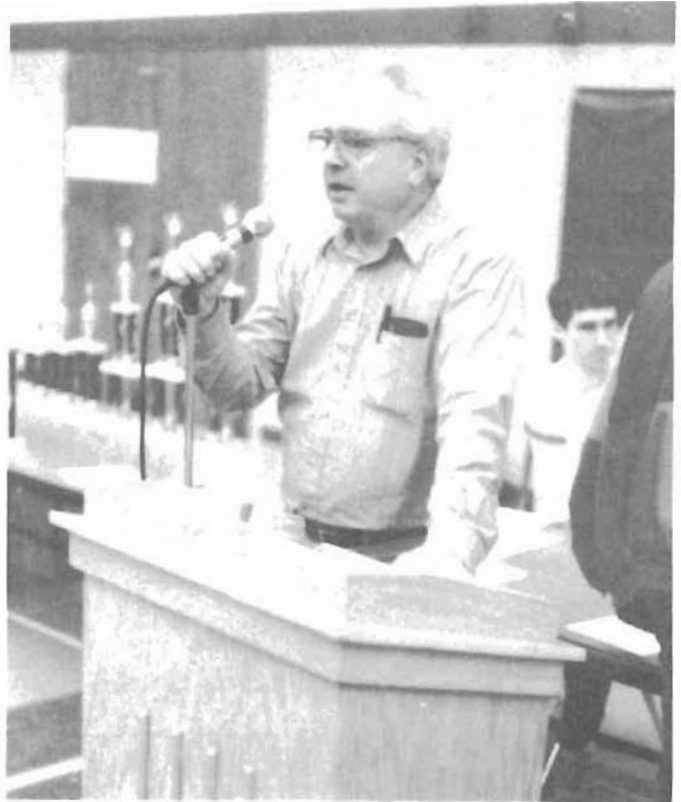

By Alina Markowski, Co-Organizer

This is a big year for Northwest chess players. Not only is the U.S. Open coming to Portland but the biggest ever U.S. Senior Open will be held in nearby California in San Diego, June 14-19 at the San Diego Princess, a Princess Cruise Resort.

The prize fund will be a whopping \$13,000 with a grand prize of \$1,500 and a first prize of \$1,000 in each class, a novel approach. In addition there will be 13 first and second place trophies in each class plus another innovation -- trophies for best performance in six age groups! Six Master Quartz Clocks will be awarded to the biggest upset in each class and the first and second place brilliancy prizes in each round will be George Koltanowski's latest book, "IN THE DARK." Everyone will have an opportunity to win a prize! Never before has a prize fund for the U.S. Senior Open been this large -- it is more than six times that of any previous Senior event. This was made possible, thanks to a special gift from George W. Church, Jr.

Now a few words about the site. The San Diego Princess is located on Vacation Isle on Mission Bay. It's 43 acres are covered with lush tropical greenery, colorful flowers and blue lagoons. The villas and suites have garden, lagoon or Bay settings. There are 8 tennis courts, 5 outdoor swimming pools and a spa, sailing, cycling and jogging paths and a mile of beach on which to relax. It is 10 minutes from the airport and within a short distance of Sea World and many other tourist attractions. The villas normally rent for \$95, but we were fortunate to get for you a special rate of \$55, for single or double! The Dean of American Chess, George Koltanowski, will be the chief TD. He will also present a special program, "Koltly Entertains" and IGM Arthur Duke will give a simultaneous exhibition.

The entry fee is \$50, if paid by May 13. This date is also the deadline for room reservations. Bring your family to San Diego -- the perfect vacation spot -- for a week of chess 'n fun! For further information see TLA in CHESS LIFE, or call Alina Markowski at (619) 743-3044.

TACOMA CHESS NEWS

Report by Gary J. Dorfner

The Winter Open on Jan 24-25 drew 29 players in a tournament with a \$400 prize fund. Winners: 1st overall, Dave Butler \$100, 2nd Paul Eggers, Harlan Christie and Randy Walther 3.5 points, worth \$20 each. Class A Marvin Hayami 4, \$65; Class B John Graves 3.5, \$65; Class C Fred McCall 3, \$65; Class D/Unrated, Larry Clark, 2.5 \$45.

The Jan Swiss was held at the club on Jan 2, 16, 23. There were 8 players with four of them tying for first with 2 points each. Those with four were: Mark Allen, Damon Allen, Larry Anderson and John Ward. Each player won \$6.00.

The membership meeting was held on Jan 30th along with the election of officers. Those elected are: President, John Ward; VP, Mark Allen; Secretary, Gary J. Dorfner; Treasurer, Charles Chamberlain; and TD Rick Likens. (Mr. Dorfner and Mr. Likens will be acting as co-tournament directors.)

A speed tourney was held at the club on Feb 6th. There were 8 players; John Ward and Rick Likens tied for 1st at 4 each.

The Feb Swiss/Quad was held at Fairwood on Feb 7th with 32 players. Round 1 was to have started at noon and not at 10:30 AM as advertised. 12 players showed up at 10:30, and it was decided that the first 6 players who were already there and 4 more who showed up at 10:45 would be allowed to start early, so the top four were put into a quad and after it got started, the other 6 players were put into Swiss #1, and when another 16 players arrived at noon, they were put into Swiss #2.

The winners were: Quad #1 Alexey Rudolph and Gary Edwards 2 points and \$8.00 each. Rudolph 2007 lost her only game to Barry Neuhaus 1707 who was #4 in the quad. In Swiss #1 Paul Schubert and Bob Norskog tied for 1st with 2.5 points and each won \$16.00. In Swiss #2 Kent Pullen, Marvin Hayami and Harlan Christie tied for 1st with 2.5 points each; they each won \$21.33. This was the top half of swiss #2. In the 2nd half Ben Delson and James McAleer tied for 1st with 2 points each. They each won \$28.80. Casey Telling 1383 won the upset prize of \$6.40 for his win over August Piper 1714.

The Fort Lewis Open was held at Nelson Recreation Center on Feb 8. Only 4 players showed up so a quad was used as the format. Marvin Hayami was the winner with 3-0. This and the above events were directed by Gary Dorfner.
