Waitlist process: SCC's policy is that the first player on the waitlist by earliest date of registration is the first to be allocated a seat if a seat opens up due to withdrawal or non-payment. The next player then moves up to first. However, SCC members have waitlist priority as follows: When a SCC member registers on the waitlist, their registration date/time will be moved up by 3 days. This may put them above non- SCC waitlisters. The wait list is managed manually by the tournament organizer; please be understanding.

Refund policy: SCC is following WCF in charging a \$10 processing fee + Paypal/Venmo fees for refunds of entry fees following withdrawals.
