**Wilhelm Steinitz:  
Learning from the  
Legends**

**Sunday, May 17, 2020**

**5:00 – 6:15**

**Description:**

There is no chess player like what Wilhelm Steinitz was. His lust for excitement and beauty in the game of chess makes each of his games one of a kind. There is so much we can learn from his games, which have inspired millions to play a different kind of chess. I hope I will motivate you in celebrating his brilliant games as well as his legacy in this lecture.

The beauty of a game of chess is usually assessed according to the sacrifices it contains.
