CLASS II MASTER POINT EVENT

EVANS STRAWBERRY NO 1

International Grandmaster Larry Evans, playing true to form, swept through the nine rounds of the Strawberry Open completely unscathed. His closest call came in round 4 when Canadian expert Bruce Amos took him to time control in what appeared to be an even position. Amos had five minutes to make his final move, but became involved in the position and let his flag drop.

Evans victory was as much a foregone conclusion as anything ever is in a chess tournament, and the real contest was for the 2nd place spot money. Viktor Pupols started the event apparently somewhat off form. His first round win was not impressive and although he took round 2 opponent with relative ease, he was outplayed from start to finish by Gary Holmquist in round 3. Round 4 saw him drawing with Chris Corwin. Then Monday evening as your writer was making the first round of scoresheet checks we paused a moment by Pupols game with Alan Pollard, and saw at long last Pupols had returned to Northwest chess. 1. P-K4, P-K4; 2. N-KB3, P-KB4 and Pupols wins. From that point on Pupols was untouchable. He finished with five straight victories and a clear second place, 7½-1½.

The Oregon co-champions Clark Harmon and Rick Ganong together with Bruce Amos posted final round victories to finish the event at 7-2 and a 3rd place tie, picking up \$150.00 for it.

Chris Corwin and Arthur Spiller rounded out the top seven with 6½-2½ records. Corwin and Spiller played in round 8, Spiller developed a clearly won game backing Corwin into tight time pressure in the process. But Spiller appeared to become preoccupied in the attempt to run Corwin out of time, and in the process missed a two move combination which gave Corwin the win. Thus Corwin won the right to the last shot at Evans instead of Pupols, but he fared no better than any of the rest.

No less than 15 players tied for 8th place at 6-3. Of these, Jon Sjogren won 1st unrated, Carl Wieman, Robert Lundin and Roger Myers split the first 3 "B" awards, and the remaining 11 divided the "A", expert, and left over place money. In the 5-4 score group 6 class "B" players split the \$25.00 4th "B" money, and five unrated players divided the \$200.00 in remaining unrated cash.

Zack Wester also finished at 5-4 to win the \$100.00 and trophy for 1st "C". The "C" competition was disappointing to the tournament organizers as with some \$250.00 in "C" money up for grabs, only 7 players with ratings below 1599 appeared to compete.

Eero Jaaska won the Snohomish County trophy and title, finishing 6-3. He was closely followed by John Kuehn (5½-3½) and by Lee Baldwin (5-4). Baldwin sported a 1250 NW rating coming into the tournament, but improved it quite a bit with wins over Marty Gray and Mike Schemm.

The womens trophy was won by Judy DeGroot of Everett.

It took several rounds for your writer to indoctrinate the Californians to mandatory recording, but after about five rounds they too had adapted. Some didn't particularly like it and Jude Acers stated he felt it was illegal, (Edmondson as then President of USCF in 1966 gave us the go ahead to use it in USCF tournaments, provided it was announced ahead of time.)

Larry Evans defended board 1 successfully for the entire tournament, but board two seemed to have a jinx of sorts. Clark Harmon began the event on that board and was knocked off in the 2nd round. Pupols moved to the board next, but was immediately run off by Holmquist. Then Spiller took over and successfully defended for 2 rounds before moving up to board 1. In round 6 Harmon and Ganong played to a draw leaving Harmon to hold the board, but he lost to Amos in the next round. Amos then took on Pupols at that position and lost. Pupols finished the event with a successful defense against Zukoff.

Another tournament first that occurred at this event was the first double loss recored by this director. It resulted when neither Dale Bjornson nor Stephen Christopher appeared for the continuation of their adjourned game.

There were two demonstration board, provided by the Marysville Jaycees, which gave the affluence of a major chess tournament. About 30 chairs were set up facing these 2 boards which follow the games on board 1 & 2, they were generally full. The playing site (Marysville Community Center) was spacious, well-lit, and had a built-in noise cover (ventilation system) that kept the distraction from noise to a minimum.

The turnout was not quite as large as the organizers had hoped, but the event was still termed a success. The primary credit must go to Jerry Larkin for the fantastic promotional effort within the county. Snohomish county players numbered 30.

With 95 player turnout the financial loss was not as great as it might have been, so the Marysville Jaycees, and Jerry Larkin, have decided to run the event at least one more year. The dates will not be set until January 1969 when Strawberry Festival dates are established. The format will be altered some to attempt to attract more class players. Possibly two or three playing sections

Time control for the event was 45 moves in 2 hours. Tournament Director Buz Eddy was assisted by Jerry and Pat Larkin, Russell and Kathy Miller, plus a host of Jaycee volunteers.

Several players who are not WCF members are receiving this issue of Northwest Chess compliments of Marysville Jaycees.

And another major NW event becomes history

SEE YOU IN MARYSVILLE NEXT YEAR!!!

NOTICE

Starting this January, 1969 all ratings will be computed for chess player's who are members of W.C.F. or it's affiliates, I'm asking all Tournament director's to indicate on cress-table weather player is a member of such. If he or she is not, then there will be no rating for that person!! This is one of the best ways to support chess and I feel that all chess-player's should belong to the W.C.F. or one of it's Affiliates. If you disagree, then lets hear from you and your reason's

OREGON CHESS NEWS

by Harry Glidden

MONTCHALIN

The Oregon High School Chess Championship tournament for 1968 did the previous two years with players from all areas except the coast towns. Players came from Portland and Klamath Falls and thirteen towns in-between from both sides of the Cascades. The competition consisted of the best this age group has ever gotten together in Oregon.

Mitchell Montchalin made a clean sweep of 6-0 to win the title "1968 Oregon High School Champion" and the \$50 scholarship fund set up by the First National Bank, Medford Branch.

Second place was a three way tie: Norman Thompson, David Mitchell and Richard Askey all with 5-1. The cross-table tells the story of their tie-breaker positions but there was a second place \$25 savings bond from the United States National Bank, Medford Branch for second place overall. This award required a speed (five minute), sudden death playoff. The boys played odd man out to decide which two would play the first round. Mitchell played Thompson first and won. Then Askey defeated Mitchell in the second speed game to win the \$25 bond. Had there been a tie in games for first place this same system would have been used to settle that award also. (As I have said before this writer is set in his belief that the young players should have the final and total word in settling such matters.)

Time and distance to travel would not permit full 30 moves per hour matches to settle the point. It is my hope that before too distant in the future it will be possible to hold regular tournament playoffs where needed.

Montchalin being a 9th grader from Clackamas High of Portland took home an engraved gold medal and the scholarship leaving the junior high first place trophy unclaimed.

The high school trophies went: Norman Thompson 1st, Richard Askey 2nd and Pete Borden 3rd. All three from Portland.

Junior high trophies went: David Mitchell of Klamath Falls 2nd and Dave Jones of Eugene 3rd.

Grade School trophies went: James Bricher of Cottage Grove 1st, Jerry Haynes of Medford 2nd and Daniel Dorn of Grants Pass 3rd.

The school trophy was won by Lebanon Union High School with the most players (five) who scored 16. Their team, although registered in advance, did not get to the tournament room till the first round was well on its way. This late arrival may have cost Lebanon three games toward the trophy as four of their players had to play each other and the fifth drew a forfeit. Parkrose of Portland with four players scoring 15½ was close on the heels of the Lebanon team. During the tournament both schools had team members paired against their own team mates. Creswell's four players scored 14. Four players from Medford Mid High scored 10½.

Of the forty-four players twenty were High School, seventeen Junior High and seven Grade School.

The toughest decision for awards in this tournament was the placing of the prize for the greatest improvement. This was a novelty, \$12 chess set given by Walt Young's Stationery of Medford. This special award was announced at the beginning of the tournament so all players knew about it. It appeared that at least three boys forgot or chose to ignore this prize in their last games. They appeared to slack off because of no chance at their class trophies.

Oregon High School Champ

44 Players Thompson 2nd

After considerable consideration and multiple calculations I finally had to go with Mike Phelps of Medford for the greatest definite improvement during play.

To arrive at some reasonable path for this decision late arrivals and unrated players were reassigned starting positions according to their rating or a provisional rating established as soon as possible. The overall results were that 21 players improved, 2 stayed unchanged and 21 lost ground; good evidence of even competition.

At the end of the tournament, during awards presentation, I stated I suspected Douglas Weber of Corvallis (the only player from that town) would turn out the winner of this award. I overlooked Mr. Weber's first games. After his first game (a win over a 1471 player) Deane Moore the director gave Weber a modest 1521 rating. This placed him 19th. After Weber's second game his provisional rating jumped to 1774 but I held to the first assigned rating as with all other players. Douglas weakened from this point on, winning only one of his last three games.

Mike Phelps, with an established rating of 1324 was assigned starting position #26 and finished 10th, jumping 16 places; winning his last three games including a 1711 player. His closest competition under this system was John Swires moving from 36th to 25th. Other good progression records were: Bill Burnett and Alan Philips with 10 positions gains each; Rick Mitchell 9; Philip McCready and Casey Moore 8 each. Norman Thompson who moved from 9th to 2nd and David Jones from 12th to 5th both deserve special mention as they were against ratings from 1664 to 1928 for their improvements.

The book "Winning Chess" from J.K. Gill's Medford store was awarded Mike Milhoan of Central Point for consistent hard work in spite of his losses.

To the young chess players who are reading a crosstable for the first time: the number before your name is the final placing you earned at this tournament. On the line with your name under the columns headed 1, 2, ect. are the number of the players you competed against in that round (game). The letter W is for your win, D for draw and L for loss. F is for games you forfeited. The columns to the right of the score column are tie-breaker points to determine positions for tied scores.

THANKS

Thanks to all you young folks for your participation and excellent conduct during the play. Thanks also to all the adults who gave their efforts to assist the players in coming. Special thanks to Deane Moore for his fine job of directing in spite of his illness during the tournament. I do not have room to list all the folks who wrote me after the tournament but I sure do appreciate receiving your letters. Credit goes to the Medford YMCA for playing space.

ANOTHER NEW CHESS CLUB

All you chess players in the Albany area contact Carl Steen. Excerpts from Carl's letter:

Since my last letter we have made considerable progress with our Albany Chess Club. We now have 12 adult members and 1 junior. We will have an election of officers in the next few days. ---- Its a start. I hope to have everyone signed up with the OCF soon. Enclosed is one membership. We would like to line up some team matches with other clubs ----. Our local newspaper is very cooperative. We think some outside competition would help bring in more members. I would be happy for any (helpful) suggestions (from anyone).

So all you chess players in or close to Albany, clubs and all, contact Carl Steen, 416 S. 4th, Albany, 97321. By the way Carl where and when, time and date, do you meet.

HARMON

WINS PORTLAND OPEN

by-Clark Harmon

Clark Harmon, Milwaukie, swept the 30 player Portland Open held June 1-2 at the Oregonian Hostess House with 6-0 score. Rick Ganong, recent graduate of Reed College held all others off to win second. The decisive game occurred in the 4th round between Harmon and Ganong. Harmon playing black won the game.

Class prizes went to Montchalin, 1st B; Richard Askay "C"; Ante Eert and Ed Addis, "D" and unrated.

The biggest upset of the tournament occurred in round 3 when Owen Dvorshak beat fifth ranked Jeff Holmes. Owen pulled another upset when drawing with David White in the first round.

The best woman prize wasn't decided until the 5th rd. when Sunny Espey beat Elberta Denison. Mrs. Espey is now the Portland Open Womens Champion.

OCF joins USCF

This past month your secretary polled the officers of this federation for votes to become affiliated with the USCF. The vote was Three in favor, One abstaining and One no response. Assuming the two votes not submitted were no votes the result was 3 to 2 for affiliation. On this mail vote I have accomplished the act of affiliating the OCF with USCF.

The abstaining officer brought up the question as to the value of USCF affiliation for the OCF.

For one thing it will mean that we people of Oregon will be able to elect three USCF directors from this state instead of depending on the president of the USCF to appoint them for us. In other words we of Oregon now become an active governing part of the USCF instead of being wards of the head office.

Aside from the governing factor every one knows, if they bother to check, that an affiliate club receives a commission on all USCF members the affiliate club processes.

There are a fair amount of small clubs in Oregon that are not affiliated with the USCF and for those clubs and free-lance individual chess players throughout the state a state affiliation gives those members and small clubs a voice in USCF operation through OCF. All that is necessary is for them to join OCF and attend the annual meetings; voice their opinions and vote.

The cost of affiliation is \$20 per year regardless of the affiliated state's number of local members. At this writing the OCF has realized a \$3.00 return on

the \$20 affiliation dues. Should this continue for the next 12 months, we hope it increases, our OCF should realize a \$16 profit on the dues.

Oregon residents desiring to join the National organization are asked to submit their membership applications through this office unless your local club is USCF affiliated. It was not my thought and I do not believe the others intended the OCF affiliation to interfere with normal operations of clubs already tied in to USCF. Local club units do not have voting rights in annual meetings of the USCF. Only state organizations have such rights.

OCF annual meeting? The secretary's office does not have any official information with regard to this year's annual OCF meeting. It is assumed that the Oregon Open in Portland during Labor Day weekend holiday will be the occasion for this meeting as it was last year.

If you OCF members have any items or suggestions to present before the meeting for thought preparation for the meeting have them in to me by July 15 for the August issue of Northwest Chess magazine.

In the event any members desire to contact an OCF officer prior to the annual meeting their names and addresses are in the next column.

OREGON OPEN

Aug 31st—Sept 2nd

CURRENT OCF OFFICERS

President: Don Turner, 1620 Pine St. The Dalles	97058
V.P.: Clark Harmon, 15153 SE River Rd., Milwaukie	97222
V.P.: Richard Cavin, 945 Mt. Pitt Ave. Medford	97501
Sec.-Treas.: Harry Glidden, 243 S. Stage Rd. Medford	97501
High School Coordinator: Don Lundberg 1450 Waverly Dr., Albany	97321

Players set to take part in U.S. Championship are Anthony Saidy, William Addison, Tibor Weinberger, Arthur Bisguier, Larry Evans, Pal Benko, Robert Byrne, Al Horowitz and Bernard Zuckerman. Samuel Reshevsky and William Lombardy may take part. Bobby Fischer in his last statement said he would not play. He is playing in a tournament in Netanyi, Israel. Word was out that people in Brazil had raised money for a match between Fischer and Mecking, \$7,000.00. The match was to be played this summer. Larry Evans told your writer that it was called off.

The USA will have a team in Olympiad this fall, Larry Evans will be a member.

GANONG Tops Evergreen Empire

1968 Evergreen Empire Open title was picked off by Rick Ganong of Yachats, Oregon with 4 wins and two draws. He was the clear winner which is rather unusual for winner of Northwest events to have 5-1 score. Mike Murray of Seattle, Mike Schemm of Corvallis and Mike Montchalin of Portland tied for 2nd - 4th with 4½-1½ scores. They picked up cash prizes for their efforts.

The top section of Evergreen attracted 31 players while the reserve section had 42. This turnout taxed the facilities of Tacoma Chess Club, the tournament site. Several tables were set up in the upholstery shop next door. It was cooler in upholstery shop than in main playing room.

Three players arrived at the event about ½ hour after play had started. They had spent several dimes in phone calls and even drove to Firecrest looking for the tournament. Two of the players were paired against each other, while number 3 played Pat Herbers' opponent. Pat Herbers it was learned after the event started was not going to take part, he had registered in advance. Herbers did show up later and was allowed to enter.

Round 1 found two higher rated players losing their games. Clark Harmon overlooked a mate in two and Ben Thurston made a bad blunder also. The was not the last of Clark Harmon's losses. Mike Montchalin defeated him with help of the clock in round 5. Harmon was heard to say something like, "no more 50 in two events for me." That game was played on board 8 while on board 1 Rick Ganong and Mike Schemm were both in time trouble. Attacked a large group of players, to watch the action. Neither of the games were lost on time, but Harmon did not play the best moves so lost soon after the game was continued.

Both draws that were inflicted on Ganong went in to adjournment. There were several adjourned games which effected the pairings some. Looking like and Oregon tournament when in round 5 Oregon players were playing on top three boards.

Portland Chess Club won the team trophy. Tacoma Chess Club was second.

Rick HUBBELL RESERVE WINNER

By
Miller

Reserve Section of Evergreen Empire was won by Rick Hubbell of Tacoma, he ran off 5 straight wins and then a quick 6th round draw to top the 42 player field 5½-4. Jack Anderson of Seattle, a high school student like Hubbell tied with John McCall of Renton for 2nd & 3rd. These three picked up the top three place trophies. Zack Wester of Seattle took home the Class C trophy. This was his third straight Class C trophy. He won at Strawberry Open and Washington Open. Would say he was under rated, notice in rating list his rating is Class "B". Wester scored 4½-1½ as did the writer of this piece, Russell Miller to finish 4th & 5th.

This section was restricted to players under 1800. A number of players who paid the higher entry fee of the Open section could have played in this section. A couple of higher rated players in reserve section found the going a little rough just as did some in top section.

Earl Knapp visited with Jack Pattie while playing in Ruse de Guerre Open earlier this year. Jack came up to Tacoma to return the visit. In write up of Ruse de Guerre some training sessions were mentioned. Looks like there might have been some of that again. Pattie won three Saturday, lost three Sunday. Knapp won 4 in a row then dropped two.

Your writer followed a pattern set by a couple of his relatives in a couple of past events. He left his Queen en prise on round one. The feeling that comes from doing that I don't want again.

Dubow Downs Evans In Simultaneous

The circle of tables at Monte Cristo Hotel in Everett Friday evening June 7th had 25 players waiting for a shot at International Grandmaster Larry Evans. One of the twenty five was a woman so ofcourse the photographer from Everett Herald took his pictures of her and the Grandmaster. The introduction was made by Master Jude Acers of Baton Rouge, La. Evans had white on all boards and played an unusually wide range of openings. Several players who could not attend Strawberry Open play-

ed in the simultaneous. Arnold Dubow of Seattle and his infamous dog were the only ones to force Evans to tip over his king. Dubow received a two year membership to Washington Chess Federation as a reward. Tony Campbell of Muncie, Indiana and George LeCompte of Seattle drew with the Grandmaster. They won one year WCF memberships. The event took about 3 hours to complete. Marysville Jaycees and Washington Chess Federation were sponsors of the event.

SUTTLES Wins Van. Is. Open

Duncan Suttles won the Vancouver Island Open with a straight 5-0 in Nanaimo.

Beisheim, Hill and Biyiasas tied for second, and Biyiasas also won the Junior Trophy.

Berry (trophy on tie-break) and Vogler tied for the "B", and Aldkirchner won the "C".

K. Morten and L. Schouten (a strong newcomer to chess) tied for the unrated prize.

CHESS OLYMPICS FUND 1968.

The fund is not going too well so far. Only just over \$1000 had been subscribed by June 20 and about \$4000 minimum is needed to send five Canadian players to Lugano in October. If any of you wealthy types down there south of the 49th parallel feel you would like to help one of the developing countries participate in the 1968 Chess Olympics we would sure appreciate a few dollars. Send them to George Bryant, 1337 The Crescent, Vancouver 9, B.C.

CANADIAN OPEN 1968.

The committee seem to be doing a bang-up job on getting this Canadian Open organized, and it looks like it may be the best yet.

Round 1 is at 6 p.m. on Saturday August 24th and it goes through until Labor Day with the last round at 10 a.m..

Final time for registration is 4 p.m. 24th and they naturally would like as many advance registrations as possible.

Funny thing is that I can't find anything to quote on the entry fee. I seem to remember it is \$20 but I wouldn't stake my life on it.

TORONTO OPEN 1968.

Geza Fuster won the Toronto Open with 5½ - 1 with Theodorovich, Allan, and Krotki in hot pursuit.

Walter Dobrich directed and claims there was not a single complaint about the pairings (in a tournament of 68 players).

He wrote a report on the system used, in the May CANADIAN CHESS CHAT, of which the following is an extract:

If one examines a round-robin crosstable where the strength varies greatly, it will be noted that the upper right corner consists in the main of ones, and the lower left corner is mainly zeros. The important games which determine the subtle variations in playing strength occur near the diagonal. These are the games which are hard-fought and between closely matched opponents.

It is these games which are of interest to the spectator, whether they be between top players or between the "weakies".

The Swiss must try to produce as many games as possible close to the diagonal and none, if possible, in the upper right and lower left.

I propose the following test of the quality of a completed Swiss tournament:

1. Complete a Round-Robin crosstable of the tournament in order of finish. It is not necessary to complete the table on both sides of the main diagonal as the two sides are a mirror image of one another.
2. Draw a diagonal A-A from top center to the right center.
3. Count the number of games n, occurring to the right and above the line A-A.
4. If the total number of games played in the tournament was T, then the quality of the tournament Q may be defined as...

$$Q = \frac{(T-n)}{T} \times 100\%$$

This figure Q is the percentage of games occurring below the line A-A.

For a random distribution of games

$$Q = \frac{(4A-A)}{A} \times 100\% = 75\%$$

Therefore the poorest possible tournament has a Q of 75%."

He goes on to show how the number of games occurring above the line A-A can be reduced by a system of pairing which in effect eliminates the pairing for the first round and therefore makes a 7 round tournament as effective as an 8 round old-style Swiss. Harkness pairings are used in all rounds except the first.

He also compares the Q of the 1967 Toronto Labor Day Open with that of the 1968 Toronto Open, which happen to both have had 68 entries.

$$1967 = \frac{200-25}{200} \times 100\% = 87.5\%$$

Harkness all rounds.

$$1968 = \frac{198-18}{198} \times 100\% = 90.9\%$$

Haley 1st round, then Harkness subsequently.

This was despite the fact that there were 19 unrated players in the 68 tourney, some of whom proved to be quite strong. (There were 12 in 67)

MACSKASY IN CUBA AT PAN-AMERICAN.

Dr. Elod Macskasy left for Havana at short notice early in June. Maurice Fox had previously been slated to represent Canada but had to withdraw when the tournament was re-scheduled. I haven't seen much press coverage of the tournament, but after 7 rounds he was 3-4 after losing to Garcia, the leader.

It was due to finish on the 26th June, so I may be able to get some news from him after he gets back to Vancouver, and it may appear elsewhere in this issue.

Championship Report

And so the last column. I have enjoyed these past months and I hope I have managed to provide the opportunity for others to play the game and win or lose in an enjoyable atmosphere. Next year, Howie Chin will be back in the driver's seat, and I wish him luck.

My emphasis all year has been toward providing new organizers in the high schools and out. By encouraging new people to direct and start activities I hoped to give a continuing life to the federation and the state chess playing community. I think I was moderately successful here. In publicity the story is different. The press has ignored me. This culminated when I attempted to give the results of Chess Happening and radio match to Post Intelligencer; the reporter advised me to write a letter to the paper.

I want all of you out there to please get one thing straight: if you don't organize something in your own school or town, it either isn't going to happen or it will wait for Buz. In which case it may wait forever since Buz is busy. So do something.....

Chess Happening

The world's first CHESS HAPPENING was held May 11th at the Seattle Chess Club. Nineteen players turned out for an experience in enjoyable chess. The field was led by Barro Jaaska and Major Robert Karch.

Five events comprized the event. The first divided the players into two man teams, which played three ten minute to finish games with another such team, with consultation allowed as long as the opposing team could also hear it. 1 point for 2 or 3 wins, $\frac{1}{2}$ point for 1 $\frac{1}{2}$ 0 for less than 1 $\frac{1}{2}$.

Round 2 was a 30/30 with mandantory openings. Roger Myers supplied thirty openings which were drawn at random.

Round 3 consisted of three chess problems. $\frac{1}{2}$ point was given for each correct solution turned in within one hour. Pat Herbers gave me the problems, and did an excellent job of picking them out.

Round 4 was a 5 minute round robin, again with mandantory openings.

Round 5 was optional for all those expect those eligible for top place prizes. This round was a round at 40/1.

Steve Strand came in first all the way with a perfect 5 $\frac{1}{2}$ -0 score....(remember 1 $\frac{1}{2}$ points were available for solving all three problems.) The Seattle Chess Club has been trying for two years to give away its EX-LAX thermometer award, and Strand was the third straight person to ask for something else. He finally took a WCF membership. Roger Myers placed second with 4 $\frac{1}{2}$ - $\frac{1}{2}$ and he got the thermometer, which will be suitably engraved.

If I hadn't lost the numerous crosstables of the various events produced I would be able to give the other class B and C winners. (They did get their memberships entered) The class D&UNR winner was unrated Mike Burke. About \$4.00 was donated to The Seattle Chess Club for the use of its premises.

From a tournament directors point of view, it was a mixed blessing. I had to develop a fair method of incorporating each rounds results with those that preceded it so a fair handling of points would result when the swiss pairing rules were applied. Some complaints were registered, but I think most people were satisfied.

If ever some fair publicity could be gained; this would be an excellent activity to demonstrate the diversity available in organized chess.

The day arrived for The High School State Championship and 15 people showed up, minus a tournament director. Tacoma (rather Forrest Dial) asked for and got this tournament, and Dial advised he would get forty players if the Tacoma Chess Club would get 50% of the entry fees. (Editors Note: I have talked to Dial about this and he understood Skubi would get a bus load of players from Seattle. I agree with Skubi's next sentence, no organization should get 50% of entry fees. Lets hope this event is run better next year.) Stupidly I agreed. Dial agreed to do the publicity and the work with my part being to provide a tournament director. Buz Eddy was suppose to direct, but didn't. I was unable to make it. Col Bosse demanded 50% of the money taken in despite the fact that Dial's agreement to get 30 players was lived up to. (Editors Note: Maybe WCF should write up contracts for tournaments, so every thing is in writing and everybody knows what they must do.) Then he complained, bitterly, that it was less than he had expected.

Fortunately ex Captain now Major Robert A Karch, just back from Vietnam, appeared and was able to direct. Luck didn't desert entirely.

Despite the fact that there were some complaints from some, notably Jeff Fox, about idiosyncrasies in the pairings (to used to Buz Eddy), Karch was the only influence that kept things completely falling apart. SEHR DANKE!

He also sent in the crosstable and his comments. Roger Myers, Forrest Dial and Tim Kauppila all recieved regular trophies, while the class prize winners have recieved "chess pens". The rest of the prize fund went into the Tacoma Chess Club. Stupid of me; I could have rented a barn for less.

It wasn't to much of a state championship, but it did bring competition to Tacoma and points south. (More Editors Note: Had some second thought about printing the above. Some WCF officers don't like to see articles in Northwest Chess that knock chess organizers, that very small unpaid volunteer gropp of chessplayers that go a lot of work so that others can play, the royal game. I print it so that we all might learn from the mistakes of others. Forrest Dial, Tacoma Chess Club and Buz Eddy are invited to send in their side of the story. Anyone else with comments on this are invited to send them in. Have had very few letters to editor.)

JUNIOR HIGH SCHOOL CHESS

By Bob Martin

I recieved no Junior High Chess News this month. Start getting that material in. Sock it to me..... In The Washington State High School Chess Team Championship only Olympic Junior High School showed up. I don't know what happened to the rest of you, but Jason Lee couldn't muster up enough players to come to it. Olympic did manage to beat Auburn High School for their only win. CONGRATULATIONS !!!!

RUSSELL'S CHESS CHATS

Tigran Petrosian and David Bronstein tied for 1st in Moscow Championship with 10½-4½. Petrosian defeated Bronstein in their game. Alexander Zaitsev was next 10-5. Others: Yuri Averbach 9-6; Vladimir Liberson 8½-6½, B. Gulyko, Aban Khassin, Ratmir Chelmov and A. Sustin 8-7.

Mentioned last month that Paul Keres had won Bamberg Centenary Tournament 12-3 against a moderate field. Don't think that is quite true. Here are rest of scores, judge for yourself if this was a moderate field. Petrosian and Lothar Schmid 10-5, Rudolf Teschner and Unsicker 9½-5½, Borislav Ivkov 9, Westerinen 8½, Jan Donner 8, Helmut Pfleger 7½, Milko Bobotsov 7, Kestler 6, László Szabo and Andreas Duckstein 5½, Teufel 4½, Klundt 4 and Albero Toran 3½.

Bruno Parma of Yugoslavia with 8½ out of 12 won an international event held last March in Bucharest. Next were Istvan Bilek of Hungary and Alvar Gipsalis of USSR with 8.

Miguel Najdorf won Argentine Chamionship with 8 points just ahead of Oscar Panno who scored 7½. Others: Raul Sanguinetti 7, Hector Rossetto 6½.

Borge Andersen won Danish Championship for third time. Bent Larsen did not play.

It's time for a toughie again but most of you will probably get it in a fairly short time.

Our April Fool joke (No. 5) didn't fool many of you! In the course of the solution there were two captures en passant, a promotion and castling, certainly an odd combination. Those answering correctly were RICK HUBBELL (3), WES PRICHARD (1), J. LYMAN JOHNSON, JR. (1), HORTON THOMPSON (3), STEVEN HUNT (2), JIM ALBRECHT (3), RICK FEIST (0), MEL HORMAN (5), JOE HUBBELL (2), and RON JARMON (5)(Wash.); HARRY GLIDDEN (0), LEWIS RICHARDSON (1), JACK SCHRADER (3), RICK GANONG (4)(where is Yachats, anyway, Rick?)(Oreg.); DAN ROGERS (1)(Hesray for Montana!); and JERRY WEIKEL (1)(in the service). Incorrect was RICK HUBBELL (1). ANDREW MCLENNAN WAS too late in answering but it was wrong anyway, so he was lucky! Hope you can get back from Vietnam soon, Jerry! The correct answer to No. 5 was ----- P-N4!.

Wennstrom

Boise Club Champ

Max Wennstrom, with a 9-1 score, won the annual Boise Chess Club championship. Second place went to Fred Wagner, who tied Wennstrom in the regular tournament, but lost a special tie break game at the end. Nick Skirmants lost to the two top players and was third, 7-2. George Rasor, winner of the recent Idaho Open Class B, was 4th.

In winning the tournament, Wennstrom gained the chance to play club champion, Dick Vandenburg, a match for the city title. This match will be reported next issue.

Carl Carlson again showed he is always dangerous, by winning four, losing only to the winner, and drawing with Ray Richards, a newcomer who will be heard from in the future. Eighteen attended this event in our new club. John R. Ward directed.

NOT TOO MUCH POSTAL NEWS THIS MONTH. ONE PROMOTION PUTS RUNNING BACK INTO CLASS B. HOPE THIS IS PERMANENT, JOE.

THERE HAS BEEN SOME DISCUSSION AS TO THE FUTURE ASSIGNMENT OF SECTIONS IN THE 1965 NW CHAMPIONSHIP TOURNAMENT. THE FINAL ROUND SECTION WILL BE ASSIGNED AFTER THE FINAL PRELIMINARY SECTION HAS BEEN COMPLETED, OR AT LEAST THOSE WITH ANY CHANCE OF GETTING INTO THE FINALS STILL HAVE A CHANCE TO MAKE IT. THIS LAST PRELIMINARY ROUND STARTED APRIL 9, 1968 SO WE WILL HAVE TO WAIT A WHILE YET BEFORE IT IS OVER. THE FINAL ROUND WILL BE A SINGLE SECTION AND WE WOULD EXPECT IT TO HOPEFULLY START JANUARY 1969, TO SET A TARGET DATE.

POSTAL CHESS IS ONLY 50% PER SECTION. WE WELCOME ONE AND ALL TO TAKE PART IN THIS ACTIVITY.
