Editor, NWC:

There were some important omissions and misleading statements in Christopher's "USCF Meetings Report" in Sept. NWC.

USCF's financial picture is basically good. Dues income for this fiscal year about matched last year's in spite of last year's campaign to pay extra dues to beat the dues increase. Books and chess equipment sales now pay for themselves. Moving expenses and the World's Championship accounted for the unusual expense increase. See CHESS LIFE for further details.

There was a lengthy discussion about improving the position of the U.S. in world chess. Perhaps FIDE should modify rules for qualifying tournaments because of our geographical problems. USCF helps by sponsoring top U.S. players abroad. Holding many international tournaments in the U.S. is financially impossible.

Tournament Rules Chairman Jim Sherwin stated in his report that a) the USCF appeals procedure is impractical; b) USCF supports the practice of using players' committees to rule on disputes at USCF tournaments; c) but USCF does not feel that it has the muscle at this time to enforce any rules for rating events aside from requiring USCF membership.

Conclusions should not be drawn about "group attitudes." Moreover, Christopher says (re. discussion on tournament committees) the following: "Some disagreed. These included.." In fact, during the discussion at the USCF Directors' meeting, only S. J. Christopher spoke against using them. He also notes "Some were amused." There was an outburst of laughter at the meeting--when Pupols mentioned the WCF stand that impartiality was not required of tournament directors. We doubt that this indicates amusement at the idea of using tournament committees, but his article implies just that.

For another report, read CHESS LIFE. It should be covered in the October issue.

Problem Corner No. 10, by P. Orlimont courtesy of Isaac Kashdan.

White to move and mate in 3. White has 6 pieces and Black has 4.

Solution in December NWC.

Send solution by Nov. 10 to:

Boise, ID 83702

When solving this problem note switch in main variation, a neat two mover. Number 8 was an unusual problem. Successful solvers were: DAVE JONES (1), RICK GANONG (7), CHARLES BALLANTINE (2) and JACK SCHRADER (6) (Oregon); DAN ROGERS (3) (Montana); STEVE HUNT (4) (Georgia); ROBERT ZUK (1) (B.C.); MEL HORMAN (8), ROBERT RUTSALAINEN (1) and RICHARD MURRAY wrong (-2) (Wash.) Solvers should have found Blacks last move was P-B4 the only move possible so that made the correct answer to No. 8 ---- PXP e.p.

Biyiasas Tops Western Wash.

2nd LaVergne

3rd O'Gorman

VENI, VIDI, VICI! Peter Biyiasas swept the 1968 West. Washington Open without drawing a deep breath. The young Canadian expert won all seven of his games with relative ease to take the \$75.00 award of first prize plus perfect score bonus. He played top board from start to finish, and was untroubled during the entire tournament.

Alan LaVergne, the latter-day wizard of Menlo Park, posted a 6 - 1 losing only to Biyiasas, and finishing in a clear second spot. Peter O'Gorman was held to a third round draw by Charles Greenup, and was toppled from first place contention in the fifth round by LaVergne. He took third place money with a 5½-1½ record.

Charles Greenup, Pat Herbers, Mike Murray, Joseph Toth and Gary Holmquist divided the remaining Pro money, with 4½-2½ records.

Lew Henry and Steve Thomas captured the top amateur awards, scoring 4½-2½.

The 39 player event was conducted at the spacious Boeing plant #2 cafeteria, and after the cacaphony of the Seafair some found it hard to adjust to the quiet.

Wayne Crookes, the B.C. counterpart of your writer, was awarded the first round bye based on a none too accurate recollection of his playing strength. He proceeded

to post wins over Joe Toth, Mike Murray, and C. Greenup before being stopped by the top three finishers. Crookes played six of the top seven in the tournament.

Newcomer Par Hammargren played some impressive chess finishing at 4 - 3. Hammargren opted to compete as a Pro leaving top unrated credits to be split between Roy W. Sneath and L. B. Kiersky.

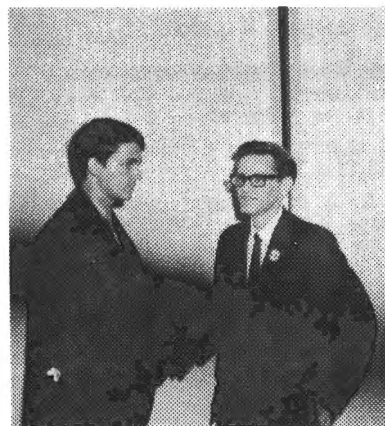

Larry Reynolds returned to active chess earlier this year, posting some rather disastrous results. He seemed closer to form this time upsetting state junior champion Milo Nelson in the first round, and scoring 4 - 3 to win the class "C" competition.

The third amateur and class "B" credits were divided among Theodore Day, Frank Alexandro, Stephen Christopher, and Milo Nelson. Lee Baldwin and Jack Anderson split the top junior award.

The 1969 W.W.O. will be run on the 3 section format as this has been shown to draw better. The Seattle Open and Washington Open will remain one section events.

T.D. for the three day tournament was your writer, B. Eddy, assisted by Tim Kauppila, Ted Day, Faith Baldwin, W. Skubi, and several others who happened by.

Holmquist Pacific Winner

GARY HOLMQUIST topped a thirty player field with a 5½-½ score which included wins over the first and second ranked players, Clark Harmon and Peter Biyassas respectively (Gary was ranked fifth). He was held to the draw in the final round by second place finisher David Groenig.

Master Clark Harmon, the top rated player in the event, was upset twice and ended the tournament in fifth place.

The cash awards were divided among Gary Holmquist (5½), Peter Biyassas and Steve Loyland (5), and Clark Harmon, Alf Overas, and Marty Gray (4).

David Groenig was top amateur (5). He did not lose a game, drawing with Nelson and Holmquist. Lew Henry was second amateur with 4.

The event was held at the Seattle Chess Club September 21-22. Tim Kauppila was the TD. Time control was a slow 4½ in 2. See you at the next Pacific Open.

Digne deLenea, Garfield HS, won the 1st High School tournament in Seattle of the season. His score combined with that of Robert Ruotsalainen gave the team prize to Garfield. Rounds of event were reduced to 5 and time control changed from 40/1 to 30/1 which made better chess for all. This was a successful tournament even though there were only 12 players.

Herbers Winner Walla Walla Valley

By BUZ EDDY

Pat Herbers sailed to an easy victory in the 1st Walla Walla Valley Open. This was his third tournament win during 1968(Sunfair Open and March of Dimes) giving him the lead over McCormick (2) and Murray (2) for the year. He breezed through this event easily seeming to be in better form than any time since the 68 State Championship. Herbers smashed both of his former Kent Kohorts, Buz Eddy and Steven Thomas in 15 moves.

Ben Thurston returned to the chess wars after several months absence to take a clear second spot at $4\frac{1}{2} - \frac{1}{2}$. Thurston drew in the third round with Leon Sage in a six hour game lasting until 1:30 in the morning.

David Glendaniel and Lew Henry split the third place money finishing with $3\frac{1}{2} - 1\frac{1}{2}$ scores

Sam McKibbin, who gave his home as being Havana, Cuba, won the class "B" award scoring $3\frac{1}{2} - 1\frac{1}{2}$. McKibbin's victory was marred a bit by the unannounced departure of Leon Sage, but he did play well both days.

Robert Holland and Dennis Monahan topped the class "C" field at $2\frac{1}{2} - 2\frac{1}{2}$, and divided the prize money evenly.

The 22 player event was played at the Y. M.C.A. in Walla Walla. A well lit tournament room and a separate analysis room were available to the players. Victor Keiser and the Walla Walla Club organized the event.

high school in chess

BY HOWIE CHIN

September's issue was a condensed version, so in order to grasp important points, I wish to summarize a bit.

The Washington Chess Federation High School Branch has four departments: Individual Competition, which governs individual tourneys and is headed by Tim Kaupilla; Junior High Department which entails all junior high activities; Publications Department which will send all tournament advertisements, rate teams, choose honor teams, publish a state tournament program, publish a directory of all high school team captains' addresses; and edit "High School in Chess"; this department may publish a supplement of high school team news during league play (Feb-April); and Team Competition Department which I head myself with the help and advice of 9 league directors and 2 district directors, this department is modeled after the Washington Interscholastic Activities Association which runs all sports leagues.

ORGANIZATIONAL NEWS

PUBLICATIONS DEPARTMENT POLICY During the months from Sept. to January this column will have individual tourney results (NWC Editors note: not if they fit better someplace else.) edited by Tim Kaupilla, organizational news edited by the coordinator, and misc. news. During February to April we'll have league competition, independents (non-league schools' results) organizational and team ratings with misc. news. Individual results will be kicked into Buz Eddy's sections.

INDIVIDUAL DEPARTMENT POLICY Individual tourneys will be played in Seattle (NWC Editors note: else where too if someone sets them up, how about it Tacoma, Wenatchee, Yakima, Spokane etc.) from September to January. The purpose is to keep interest alive to insure a successful league season which is scheduled for Feb. to April.

TEAM DEPARTMENT POLICY All nine league directors and all district directors will be consulted before major rules and or rulings will be changed. The state tournament will be in May.

LEAGUES AND INDEPENDENTS The following leagues have been established in the Western District: Kingco, Northwest, Pierce (Tacoma), Seattle Metro, Seattle Catholic, Northwest Metro, Snohomish (Western Conference) plus proposed Puget Sound plus proposed Southwest. In the Eastern District: North Central proposed Yakima Valley and proposed Spokane City. There are eight confirmed leagues set up and a fair chance of nine with the Puget Sound league. If the Southwest League gets a director, we will have a new district, The Southwest District, with leagues: Pierce, Puget Sound and Southwest. Do you want a league in your area, there is lots of the state not included in the above, contact me about it.

RUSSELL'S CHESS CHATS

Boris Spassky is ahead of Viktor Korchnoi 2-1. Match should be over by now but I can find no results in time to put in this issue. First & 2nd games of match are on page 11.

Walter Browne won 26 player Masters & Experts Section of Long Beach Open 4½-½ drawing only with William Bills of Beaumont, Texas. Browne now lives in Los Angeles.

Bent Larsen won Canadian Open with 10½-½ score. He drew with 15 year old Ken Rogoff of Rochester, New York. 164 players took part but none of U.S. Grandmasters took part. Tied for second at 8½-2½ were Rogoff, Denis Allen & Walter Dobrich of Toronto, Ron Ebelein of Rochester and Orest Popovych of Brooklyn.

King of Opens, Pal Benko won 110 player Southwest & International Open at Hemisfair in San Antonio, Texas, Labor Day Weekend. His score of 6½-½ was ½ point ahead of John Hall & John Jacobs of Dallas. Grouped at 5½-1½ were Walter Browne, Dr. Anthony Saidy, A. Aldieto of Mexico, Ken Smith of Dallas, John Payne of San Antonio and Ray Schutt of Houston.

Jack Gibson won Rocky Mountain Open over Labor Day Weekend in Phoenix with 1½ more SB tie-breaking points than Ronald Gross of Calif. and Richard Mann, when all three scored 5½-½. 81 players took part. George Saidi of Calif was top expert at 5-1. Greta Olsson won women's trophy with 4½-1½.

Dave Bufo won 2nd Annual Arizona State Prison Semi-Open. 26 players took part with 13 from outside the prison walls.

15th Students World Team Championship was won on tie-break by Soviet Union over West Germany. This was their 11th win. Czechoslovakia was third in Final A section. Then came Bulgaria and finally USA in 5th. 26 teams took part.

Portish won 2nd Tournament of Solidarity at Skopje, Yugo. with 14½ next were Geller at 13½ and Polugajevski at 13. There were 20 players 11 grandmasters, 5 international master and 4 masters to make it one of strongest events of 1968. More scores: Hort 12½, Matulovic 11½, Uhlmann, Sawon, Gligoric 11, Matanovic, Minic 10½, Parma 10, Gheorghiu 9½.

Capablanca Memorial tournament started in Havana on Aug. 25.

Kavecek of Czech. won IBM tournament in Holland with 10½-4½. Bronstein of USSR next at 10. Ree, Lengyel, Langeweg, Ciric and Schamkowsch all had 8½-6½.

Lengyel of Hungary won tournament at Solingen West Germany with 10 and Parma of Yugo. 9½.

Dr. Jonathan Penrose won his 9th British Championship 8½-2½. R.D. Keene and W.R. Hartston tied for 2nd 7½.

Steve Stoyko and John Anderson won 1968 USA Junior Chess Championship held in Cleveland August 5-9. They scored 7½-1½ winning 6 and drawing 3 including each other. Next were Michael Cavallo of Cleveland and Thomas Richardson. Stoyko is from New Jersey and Anderson from Wisconsin. David Karch, I assume son of Major Robert A Karch our man in Vietnam a few months ago, scored 3-6 to win a class prize. The Smothers brothers played, Norman and Ben. 91 players took part. The Cleveland Chess Bulletin where I got this report did not see fit to give home towns in the crosstable. The 90 player turnout was largest ever.

Shaker Heights High School chess team won team title at Eastern States High School Championship. Shaker Heights is a Cleveland School.

The following is parts of report on USCF Eastern Organizer's Meeting held July 13 and printed in vol II No. 8 of Chessboard official organ of Conn. Chess Assoc.

USCF office move to Newburgh was successful more works get done, fewer visitors, salaries lower, rent cheaper, more room. J. Jenkins of Oregon has made a trophy in Jerry Spann's likeness. There is a booklet of advisory rules for US Championships. USCF has brought a punching and binding machine, plans to print tournament books. In flag fall controversy T.D. declares forfeit, not the opponent. Only one move the last may be omitted from scoresheet. An automatic score taker exists.

Editor's Corner

Don't forget to renew your OCF or WCF memberships. Have quite a few players in last few months who have let their memberships lapse. I know that many of them will play in a tournament within a few months and will need to join then. Feel the WCF is putting out a good product but unless the membership continues to grow we maybe forced to go back to old method of printing NWC. We need new members also get you friends to join. If you don't like NWC or do like it how about letting staff members know it. We put in quite a few hours each month to put this publication out. Nobody is getting paid for any of that time.

Don't send your \$10.00 or \$5.00 check to USCF office when it come time to renew your USCF membership. Send that check to P.O. Box 1631 Yakima, Wash. 98901 and make it out to WCF. WCF treasurer will send your name and address on to USCF and retain a 20% commission, \$2.00 on Adults and \$1.00 on Juniors.

Have the latest USCF mailing lists for Washington and Oregon, find the following are USCF Life Members: Jack Pattie of Washougal, Dr. Marlowe Jones of Tacoma, Earl Knapp of Gig Harbor, Eugene Sobczyk of Bremerton, Angus Pitt of Seattle, Evan J. Campbell Jr. of Seattle, G. Allan Clark of Seattle, G.L. Steen of Seattle, Kent Pullen of Kent, Stephen J. Christopher of Bothell and Gerald J. VanDeene of Bellevue. Oregon has Vince Bricher of Cottage Grove, Sief Poulsen of Salem and Deane Moore of Portland. These men don't have to worry about paying dues to USCF.

OREGON CHESS NEWS

by Harry Glidden

The meeting was called to order by President Don Turner at approximately 12:40 PM, Sept. 2, 1968.

The minutes of the 1967 meeting were given in abridged form by secretary Harry Glidden and accepted. The treasurer, Harry Glidden, reported a current bank balance of \$59.67 with \$6.50 cash on hand. Mr. Glidden gave a summary of how the money was obtained from the 50¢ retained from each membership. Expenses consisted of \$20 dues for USCF affiliation, \$21.40 for federation membership cards and the balance of expenses being for small office supplies and postage. The treasurer's report was accepted.

Deane Moore gave a report on the Oregon Championship invitational tournament, won by Ivars Dalbergs. Mr. Moore outlined how the Oregon chess players qualified for an invitation to the playoff.

Russell Miller, visiting representative of the Washington Chess Federation, reported there was a possibility of a break in the interstate tieup. Mr. Miller also stated there was a possibility of a raise in the subscription price of the Northwest Chess magazine in the near future.

After a short discussion this matter was dropped to be brought up under new business. President, Don Turner, read the new constitution which had been compiled by the appointed committee. The committee consisted of Richard Ganong, Gregory Kern, Deane Moore, James Mitchell and Don Turner filling in for Arthur Dake who had been appointed but was unable to take part in the constitution construction.

CONSTITUTION OF THE OREGON CHESS FEDERATION as read:
Article #1 - NAME: This organization shall be a non-profit association known as the OREGON CHESS FEDERATION.

Article #2 - PURPOSE: The federation shall develop, encourage, promote and coordinate chess activities. To this purpose the federation may represent its members and function in liaison with other organizations and shall annually conduct contests to determine the Oregon Chess Champion and the Oregon Junior Chess Champion.
Article #3 - MEMBERSHIP: At its annual meeting, the federation shall prescribe such categories and requirements or membership as may be deemed appropriate for the following year.

Article #4 - ANNUAL MEETING: The members shall meet each year during the Labor Day weekend at the site of the Oregon Open Chess Tournament for the transaction of federation business. The meeting shall be convened and conducted by the President in accordance with Roberts Rules of Order (Rev.) insofar as these rules do not conflict with this constitution. No quorum shall be required and any attending member may vote upon all matters before the meeting. At this meeting the following officers shall be elected by a plurality of those attending and voting: a President, a Vice-President and a Secretary-Treasurer.

Article #5 - PRESIDENT: The President shall serve until his successor is elected and qualified. He shall represent the federation and preside at its meetings. He shall appoint the members of the Tournament Committee, successors to elected offices becoming vacant and all other committees and persons he deems appropriate to accomplish federation purposes between annual meetings.

Article #6 - VICE-PRESIDENT: The Vice-President shall succeed to the office of President upon its vacancy and may act for the President in his absence, illness or inability to act. The Vice-President shall function as Oregon editor and correspondent for publications in the Northwest.

Article #7 - SECRETARY-TREASURER: The Secretary-Treasurer shall keep the minutes of the annual meeting, shall keep a list of current members of the federation, shall collect, disburse and be responsible for all federation funds, and shall provide an accounting thereof at the annual meeting.

Article #8 - EXECUTIVE COMMITTEE: Between annual meetings, the business of the federation may be transacted by an executive committee composed of the foregoing

elected officers meeting upon call of the President.

Article #9 - TOURNAMENT COMMITTEE: The Tournament Committee shall consist of at least three members appointed by the President; at least one of the members shall reside South of the 45th parallel and at least one of the members shall be under the age of 21 years. This committee shall provide for the Oregon Chess Championship and the Oregon Junior Chess Championship contests, shall compile a list of scheduled dates for chess activities, may provide technical and promotional assistance for chess activities, and may perform such other tasks as may be assigned by the federation or the President.

Article #10 - AMENDMENTS: This constitution may be amended by two-thirds vote of those attending and voting at the annual meeting.

Article #4 was corrected by adding: The Executive Committee shall have the power to reset the meeting date and place for the annual meeting should such a change become necessary.

A motion for the adoption of the constitution as read with the correction for setting of the annual meeting was made by Don Turner and seconded by Robert Mitchell. The motion carried without dissent.

Under New Business the first order of business was the election of officers. The nominating committee appointed by President Turner was Ivars Dalbergs, Robert Mitchell and Joe Brandenburg. Ivars Dalbergs reported the committee had nominated Don Turner to continue as President. President Turner turned the meeting over to VP Clark Harmon for this vote. From the floor Gregory Kern nominated Robert Mitchell for president. Mr. Mitchell refused the nomination on grounds of too heavy a business load for his proper care of the office. Withdrawal accepted. Nominations for President were closed and Don Turner was reelected unanimously.

President Turner reclaimed the conduction of the meeting.

The nominating committee nominated Harry Glidden as Vice-President. Nominations were closed and Glidden was elected Vice-President unanimously.

The nominating committee nominated Joe Brandenburg as Secretary-Treasurer. Deane Moore was nominated from the floor but withdrew with good reason. There was a short discussion concerning Mr. Brandenburg because of his age - 18 years old. The matter was explained to everyone's satisfaction and Joe Brandenburg was elected Secretary-Treasurer by acclamation.

Lewis Richardson made a motion that: Membership dues for OCF be stated as 50¢ plus Northwest Chess magazine charge as established by WCF with no change from the 1967 qualifying requirements for OCF membership. After some discussion and consideration of possible raise in Northwest Chess magazine cost the motion was passed.

Clark Harmon made a motion to amend the constitution to read that: The OCF shall be a permanent affiliated member of the USCF. President Turner stated that this change should be a correction of Article #2 of the OCF constitution. The motion carried unanimously.

President Turner called for nominations for the 1969-1970 Oregon USCF directors as these have to be listed with USCF in April 1969 which is prior to our next annual meeting.

Those nominated for first director position were: Don Turner, Robert Mitchell and Deane Moore. Deane Moore was elected first USCF director for Oregon. After further nominations for directors #2 & #3: Don Turner was elected as Director #2 and Clark Harmon was elected as Director #3.

Lewis Richardson, David White and Robert Mitchell were nominated for alternate.
David White was elected to be the alternate Director.

Oregon Championship entrants selection method brought out considerable discussion.
Clark Harmon made a motion: The method for qualifying for any of the Oregon Championships should be established by the tournament committee.
There were no objections. The President ruled the motion passed by acclamation.

Mrs. Espey commented that she would like to see more women playing chess in Oregon. After a short discussion the matter was referred to the tournament committee.

Lewis Richardson made a motion: OCF should require the publication of financial reports on the conduction of all sanctioned tournaments. Motion was defeated.
Victor Pupols made a motion: The OCF should go on record for supporting the right of tournament entrants to appeal contested decisions of tournament directors. During the discussion the main question seemed to be: Who would they appeal to?
It was pointed out that the Oregon Open tournament now in progress had a players committee of Clark Harmon, Robert Mitchell and Harry Glidden but there had been no questions brought to the committee. Several persons thought that a committee might be a good idea since such a committee might be usefull in the event of a very complicated question arising.
On call to vote the motion was passed.

Clark Harmon made a motion: The OCF should go on record as being against WCF rating director having the right to say on his own that no player, not a member of one of the associated federations, should be rated. During the discussion it was brought out that the main point of the motion was to register a complaint against any ONE person having the right to set up rules or procedure for the overall group of the three federations now affiliated in the Northwest. A rather large percentage of those present appeared to feel some other method of making membership a requirement should be established. It was suggested that anyone with ideas on the subject write Mr. Peter Olson, WCF rating director, presenting these thoughts. (Mr. Olson's address is 5913 - 46th Ave. S.W., Seattle, Wn. 98116.)
Called to a vote the motion was passed.

Lewis Richardson asked how future Oregon tournaments were to be sanctioned by OCF.
Harry Glidden pointed out that he had been voted to do that job during the past year and the job should now be given to someone.
The President pointed out this would now rest with the tournament committee, Article 9 of the constitution.

President Turner appointed the members of coming year's tournament committee: Deane Moore was appointed as Chairman. Other members appointed were: Clark Harmon, Mike Schemm, Robert Mitchell and Mrs. Sunny Espey.
The meeting was adjourned at 2:40 PM.
The minutes for all sections of this meeting were kept and are herewith reported by Harry Glidden to avoid confusion with two different sets of minutes for one meeting. (Good luck Joe. Trust all the members will be as helpful to you as they have been to me during the past year.)
NWC Editors Note: If I gave the impression of the possibility of a break in the interstate tieup to the OCF meeting, I regret having done so. Ofcourse anything is possible, but the tieup between Oregon and Washington has been very good for both states.
The OCF constitution is quite straight forward and simple and maybe with a few changes and additions WCF should adopt one like it.
Addressee of OCF tournament committee:
Deane Moore, 2225 S.E. 66th Apt #8, Portland, Oregon 97215
Clark Harmon, 15153 S.E. River Rd, Milwaukie, Oregon 97222

Dalbergs Oregon Champ

Ivars Dalbergs showed a return to his usual tournament form by sweeping to the Oregon state Championship for his third time. Mr. Dalbergs held the state championship in 1961 and 1965. This is the second time that the state championship playoff has been won by a perfect score. In 1962 Jim McCormick scored 7-0.
Rick Ganong and Clark Harmon finished in an unbreakable tie for second and third place. This resulted from a draw in the last round between these two as Clark held off Rick's attack.
Leon Sage played well considering his relative absence from tournament play in recent months.
Mike Schemm had Dalbergs on the ropes in the last round but allowed Ivars to pull it out with mating threats.
Bill Kiplinger did not play as well as his tournament results indicate he should.
James Mitchell in his first Oregon Championship did very well. He had a good game against Dalbergs and his win from Schemm could be termed an upset.
David White, winner of the Klamath Falls Open, perhaps was not yet ready for this rate of competition. If he continues his improvement he may prove tough in the future.
The only regular qualifier not to accept was Dennis Waterman, who was out of town and returned too late between weekends of the tournament.
There were trophies for first and second places.
Deane Moore was the tournament director. The tournament was held on two weekends, August 10 & 11 and 17 & 18.
(Ed. Note: How was the second place trophy settled between Ganong and Harmon? For pre-tournament story refer to the August issue of NW Chess.)

NEW CHESS CLUB STARTING

Lewis Richardson is promoting a new chess club in the Astoria area. Anyone that lives in or around Astoria that plays or is interested in chess contact Lewis. If you do not live in the area but know some one in that district interested in chess pass them the word. They may not read Northwest Chess. WHAT doesn't everyone! HIGH SCHOOL '68 TEAM RESULT CORRECTION

This editor fouled up in reporting the results of the 1968 Oregon High School Chess Team Championship playoff, printed in the 1968 May issue.

Fourth place trophy was taken by the PARKROSE team. Anyone want to send in corrections for the other placeings? This might be stale news to some folks but in school circles it is still current events with the new chess season just starting. So lets hear from all and any of the schools that have chess clubs whither they compete in the inter-school team competition or not. Perhaps some news circulation will help get a league started in your area.
Each school chess club should have at least one member willing to send in stories of the activity in their club. Perhaps the writer could get credit for such writing in their english or journalism classes.

COLLEGES INCLUDED

With relation to news of chess activity we would be pleased to publish such news if someone will send it in.

20-15-10-5 Years Ago

OCTOBER 1948 Arthur Dake won Oregon Open 6-0. In the 10 man field Jim Schmitt was 2nd 4½-1½. Mal Skarsten had 3-3. Olaf Ulvestad finished 3rd in U.S. Championship won by Herman Steiner. Ulvestad was 2nd in U.S. Open won by Weaver Adams. Ulvestad's series "Kings and Pawns in Soviet Russia" started in WCL.

OCTOBER 1953 Reported that a young Latvian Viktors Pupols had moved from Lincoln, Nebraska to Tacoma. He had a USCF rating of 1947. J.L. Sheets, O.W. Manney, Dan Wade, Charles Joachim, Russell Vellias, V.W. Bever, John Dewitt, Dick Greenwood, Ted Warner, plus Tacoma Champion either Vernon Holmes or Viktors Pupols plus Elmore Zemgalis and G.S.O. Patterson were invited to play in 1954 Washington State Championship. Pasco CC held a picnic for Eastern Washington players. Pasco CC won Eastern Washington League 5-3. Other teams were Yakima; Walla Walla State Pen.; Hepner, Oregon; and Spokane. Hope to have Milton-Freewater join next year.

OCTOBER 1958 Ken Hartwig was re-elected President of Walla Walla CC. Oliver LaFreniere won 16 man Washington Woodpusher. Seattle Chess Center run by Olaf Ulvestad closed down at its Pine St. site. Planned to reopen in U District. Tom Turner won Walla Walla Valley Championship. Dan Wade won 7th N.E. Seattle Invitational. In Junior Chess Steve Sala won Panhandle Jr. Invitational.

OCTOBER 1963 Ivars Dalbergs won 40 player Oregon Open 6½-½. John Bell was 2nd 5½-1½. Found Jim McCormick and Greg Kern plus Frank Nettleton, Bill Kiplinger, Pat Hickey and Roy Gates at 5-2. There were 4 women players. Scott Lockhart & Willy Brandal tied for 1st 4-0 in Washington Woodpushers in which 27 players took part.

Dalbergs Tops Oregon Open

Ivars Dalberge of Portland picked up another Oregon Open title Labor Day Weekend with a fine 6½-½ score. He was followed closely by Clark Harmon of Milwaukee at 6-1. Viktors Pupols of Seattle and Dennis Waterman, back to Northwest Chess wars after sometime in New York City, were next 5½-1½. Steve Loyland took home Class "A" trophy and money. Class "B" trophy was won by Duncan Davidson but he split the money with Owen Dvorshak, Sam McKibbin, Ralph James, Don Hagan, Larry Ball and Bruce Betzer. They each got \$1.43. Bruce Dodson won Class "C" trophy but split the \$10.00 money with Keith Adams. Steve Strong, his dad Jack must have been showing him a few things about this game, and Paul Pflueger both new to tournament chess tied for 1st Unrated. Steve took the trophy. Sunny Espey won the Woman's trophy uncontested. Alan Dvorshak defeated Don Turner in Rd 1 when Don's flag fell on move 30 in a won position for Alan. Rod Espey held his game into adjournment with Clark Harmon. In round 2 Don Lyon downed Viktors Pupols in a fine game. Steve Loyland also in this round topped Dennis Waterman for another upset. Jon Sjogren was upset in round 4 by Steve Strong. But maybe wins by unrated players should not be called upsets. After playing the fifth round game Sunday evening Don Lyon had two adjourned games, rounds 3 & 4, to playoff. They were both finished in 5 seconds. Carl Wieman agreed to a draw and Duncan Davidson resigned both without play. During round 6 the playing site, Hostess House of Oregonian, was invade a noise that sounded like a jack hammer drilling on the floor above or so. Made me think of noise one hears when dentist is drilling your teeth. Would hear it for 10-20 second then it would stop only to start again. None of the players objected, doubt there would have been anything that could have been done about it. Must have been heard for half of that round. 1/2 the players in the event were under age of 21. Know your rules, promotion move is not complete until the new man is placed on the board. Ganong- Lyon game round 6, Ganong in time trouble made his 45th move a pawn promotion to a queen. He did not place the new queen on the board before he punched his clock to complete time control. Lyon resigned before Pupols pointed out this error to me. Ganong lost his 7th round game to Harmon when Ganong's flag fell as he was making his 45th move but before he punched the clock. Punishing the clock on the last move of time control is part of completing that move. The flag must still be up or one has not made time control. Several games this year have been lost this way. Ganong wanted to protest my decision to the Tournament Committee, but the only member still at the site was his opponent Clark Harmon. The other members Harry Glidden and Don Turner had gone home. Tournament Director and writer of this report was Russell Miller of Yakima. He was assisted by his wife Kathy. The event was sponsored by Portland Chess Club and organized by Clark Harmon and Deane Moore.

Nowadays, faced with modern defensive technique, not many players are ready to embark on a sacrificial attack in the opening. However, this is not the case in the following game.

Slav Defence
(Marshall Variation)

White: Hill
Black: Turner

- | | |
|----------|-------|
| 1. P-Q4 | P-Q4 |
| 2. P-QB4 | P-QB3 |
| 3. N-QB3 | P-K3 |
| 4. P-K4 | |

This move culminates in a Pawn sacrifice which offers White good attacking chances. More usual are 4. N-B3 or P-K3.

- | | |
|----------|--------|
| 4. | PxKP |
| 5. NxP | B-N5ch |
| 6. B-Q2! | |

After 6. N-B3, P-QB4!; 7. B-K3, N-KB3; White has no advantage.

- | | |
|---------|-----|
| 6. | QxP |
|---------|-----|

6.BxBoh; 7. QxB, N-B3; 8. N-Nch, QxN; 9. N-B3 gives White a positional edge.

- | | |
|---------|-------|
| 7. BxB | QxNch |
| 8. B-K2 | N-Q2 |

Black's last move, while not actually a mistake, is less strong than 8.P-QB4; 9. BxP, QxNP; 10. B-KB3, Q-N4; 11. B-K3, Q-R4ch; 12. B-Q2, Q-B2.

- | | |
|------------|------|
| 9. Q-Q6 | QxNP |
| 10. O-O-O? | |

If now 10.QxR; 11. B-KB3 would win the Queen. There is, however, no effective continuation in the event of 10.QxBP. Best was 10. B-KB3.

- | | |
|----------|---------|
| 10. | Q-N4ch? |
|----------|---------|

Black does not take advantage of White's lapse.

- | | |
|-----------|------|
| 11. P-KB4 | |
|-----------|------|

Now the KB Pawn helps to control K5.

- | | |
|-----------|-------|
| 11. | Q-K2 |
| 12. Q-Q2 | P-QB4 |
| 13. B-QB3 | N-KB3 |
| 14. B-B3 | O-O |
| 15. N-K2 | |

It is now time to re-assess the situation.

With his greater command of space and open KN file White will soon have a strong King-side attack.

Black, while having no structural weaknesses, is backward in his development. He will also have difficulty finding a suitable developing square for his Bishop. Perhaps his best move is 15.P-K4 when he has fair chances for survival.

- | | |
|----------|-------|
| 15. | N-K1? |
|----------|-------|

Instead he starts on a long series of inferior moves with the result that soon his game has no prospects whatsoever.

- | | |
|-----------|---------|
| 16. N-N3 | N(2)-B3 |
| 17. KR-N1 | P-QR4 |
| 18. B-K5 | R-R3 |
| 19. Q-B3 | P-QN3 |
| 20. N-K4! | |

If now 20.NxN; 21. BxP!, NxQ; 22. BxNdis.ch., N-N2; 23. RxNoh, K-R1; 24. R-NBdble. ch., KxR; 25. R-N1ch, Q-N4; 26. RxQ Mate.

20. K-R1

21. N-Q6

White could play 21. RxP! as KxR is answered by 22. NxN winning, but the move played wins easily also.

- | | |
|-------------|----------|
| 21. | NxN |
| 22. BxN(Q6) | Q-Q1 |
| 23. B-K5 | Q-K2 |
| 24. RxP! | Resigns. |

This game was from the B.C. Open.

The following game is from the B.C. Finals.

Ruy Lopez

White: P. Biyiasas
Black: E. Macskasy

- | | |
|----------|-------|
| 1. P-K4 | P-K4 |
| 2. N-KB3 | N-QB3 |
| 3. B-N5 | B-B4 |
| 4. P-B3 | B-N3 |
| 5. P-Q4 | N-B3 |
| 6. B-N5 | |

Black's set-up is called the Cordel Defence. It would have been more precise, however, to play 4.N-B3 when 5. P-Q4, PxP; 6. P-K5, N-K5; 7. O-O, P-Q4; 8. PxPe.p., O-O; 9. PxBP, QxP gives Black excellent chances for his sacrificed Pawn. If instead 5. O-O, O-O; 6. P-Q4, B-N3 he does not have a bad game. As the game goes Black has great difficulties because of his inability to connect his Rooks.

- | | |
|---------|-------|
| 6. | Q-K2? |
|---------|-------|

And here P-KR3 is better.

- | | |
|--------|------|
| 7. O-O | |
|--------|------|

White avoids the trap 7. BxQN, N-PxB; 8. PxP, BxPoh.

- | | |
|---------|-------|
| 7. | P-KR3 |
| 8. BxKN | PxB |

....QxB loses a Pawn.

- | | |
|----------|------|
| 9. P-Q5 | N-Q1 |
| 10. N-R4 | B-B4 |

Black's position is strategically lost now but he manages, though, to hold on for another 23 moves.

- | | |
|-------------|-------------------|
| 11. P-QN4 | B-Q3 |
| 12. N-B5 | Q-B1 |
| 13. N-Q2 | P-R3 |
| 14. B-K2 | B-K2 |
| 15. N-B3 | P-Q3 |
| 16. N(3)-R4 | P-N3 |
| 17. P-QR4 | N-N2 |
| 18. B-Q3 | Q-N1 |
| 19. Q-K2 | P-QR4 |
| 20. B-N5ch | K-Q1 |
| 21. B-B6 | Q-B1 |
| 22. KR-N1 | R-R2 |
| 23. R-N3 | R-N1 |
| 24. Q-N2 | PxP |
| 25. PxP | B-Q2 |
| 26. BxN | RxB |
| 27. P-N5 | K-B1 |
| 28. P-R5 | PxP |
| 29. RxP | R-N1 |
| 30. Q-R3 | BxN |
| 31. NxB | K-Q2 |
| 32. P-N6 | PxP |
| 33. R-R7ch | K-Q1 and Resigns. |

A good positional game by Biyiasas.

B. C. BULLETIN

By Bob Eldridge

NEW CLUB IN BURNABY

A new chess club has been formed in Burnaby and will meet on Thursdays in the Wesburn Community Center at 4781 Parkwood Avenue, South Burnaby. (This is a bit north of Central Park).

The Secretary is Mr. S.F. Davies, 4167 Hazelwood Crescent, Burnaby 1. Telephone 433-1871.

The club is already affiliated with the BCCF, and is the first open club in Burnaby for many years. The only other one I know of is the one which was formed two or three years ago at the Burnaby Municipal Hall and is open only to people who work there.

CANADIAN TEAM FOR OLYMPICS

Witt has had to withdraw from the team, and it now shapes up like this:

YANOFSKY	SUTTLES	MACSKASY
DAY	SCHULMAN	ALLAN

Lawrence Day did very well in the last World Junior tournament, and is being sent on this trip to get some more first class tournament experience while Schulman and Allan have personal arrangements which fit in with the Olympics schedule.

UNEXPECTED SOURCE OF CHESS BOARDS

I was wandering around the Gallery of B.C. Arts on Georgia just outside Stanley Park and came on some very beautiful inlaid chess boards with about 1 1/2" squares and about 2" wide borders. Just the boards alone cost \$14.95, and complete with a circular center pedestal to make a table about 24" high it is \$27.50.

There was also a tiled table with about 2" squares (but the squares were stark black and white) and a 4" surround and skirt in a mosaic of 3/4" tiles in a variety of browns. This was \$60.

TRIVIA

Basman says that during the Natanya tournament Fischer consumed about six water melons a day.

In an interview with Taimanov reported in Tal's magazine (which will appear soon in a Chess Player book on the Candidates Matches) Taimanov thought:

Larsen is a better player than Fischer. His play is full of original ideas and his opening repertoire has tremendous variety, so that you can never know in advance what he might play.

Korchnoi said recently on TV that he thinks Larsen has the right to consider himself morally the World Champion as no other present day GM can match the series of tournament victories that Larsen has recently achieved.

Fischer is very strong and has the technique of a virtuoso, but Larsen is stronger in native talent. Fischer always tries to decide matters in a purely technical manner.

FROM THE ENGLISH CHAMPIONSHIP

A few interesting comments from the Chess Player bulletins issued during the English (British?) Championship Tournament:

In the Bonner-Littlewood game Black played 38.. P-B8 and simply left the pawn there. Both players were in time trouble and each had only about one minute left. Black did not say check or say what piece he was promoting to, although it was quite obvious that he intended promotion to a queen. White left his clock going also, as he must because the rules state quite clearly that when promoting a pawn the move is not completed until the pawn is replaced by the new piece and until this is done the player is not entitled to stop his clock. In this case, Bonner did not take advantage of these facts but resigned. In some competitions players would wait until their opponents flag fell.

Horton-Richardson: At about 10.25 p.m. Horton announced that he intended to play 58 Kh2 and was claiming a draw by repetition. The first point is that the claim must be made by the player about to make his move. It is no good making the move and then claiming that the resulting position has occurred twice before. A crowd gathered and, as the positions occurred over about 10 moves it was decided to set up the adjournment position and play through to the present position. Sure enough, the position which occurs after 58 Kh2 had occurred twice before. The players were just about to agree the draw when Mr. Witson Morry and the controller present asked to check the situation. They then discovered that the claim was not correct as the position had occurred twice with White on the move and once with Black. The rule states that the position must occur three times with the same player on the move each time. So, no draw by repetition. It was now after 10.30, the end of the adjournment session and the controller gave Richardson the sealed move envelope and asked the players to seal.

Horton then played the announced move 58 Kh2 and pressed his clock. The controller then pointed out that 58 Kh2 had not been played when the sealed move envelope was given out and so it had to be the sealed move, even though it had been played! Once the envelope has been given out the next move must be the sealed move, whether it is played afterwards or not, whether it is forced or not.

15 of the competitors score in the algebraic notation. This is a distinctly higher proportion than in previous years. It is noticeable that most of the younger players use the algebraic, although not all.

Taimanov in "64" tells the story that the Reykjavik tournament was postponed for three days to allow Olafsson to compete (he was taking exams at Reykjavik University) and then his first game was deferred to give him a days rest after the exams. Then on the day of the second round (a Sunday) he failed to turn up for play (he had gone into the country on his day off). The Icelandic organizers "with a heavy heart" had to record a zero next to his name. When Olafsson returned he reported that his car had broken down out in the countryside and that as it was Sunday all the Post Offices were closed and he could not telephone. The organizers said the rules were clear and that the zero would have to stand. The players then protested and said the game should be played and the organizers were only too happy to erase the zero and arrange for the game to be played. Olafsson finished 1/2 point behind the winners Taimanov and Vasyukov.

WOT? NO EDITORS?

No-one has whispered that they might be able to carry on with the B.C. Bulletin. Surely there is someone out there that can do this! Don't be shy fellows. The main reason I want to hand it over to someone else is that I haven't much of an idea of what goes on in B.C. chess, and hardly ever see a chess player who would be able to tell me.

We apologize to all players who looked at the Northwest Chess magazine and missed the section on postal chess. At least this way we learned that we are read, and are important in the general scheme of things to a fair segment of our membership.

This month we welcome two new players into the competition. Philip McCready of Eugene Oregon joins Class A and Mel Leonard of Spokane Wash. joins Class B. We hope you gentlemen will enjoy your postal activities.

There has been some confusion lately about the proper way to report results of your games. A number of cards have been received, with very little information except that what's-his-name has won from so-and-so. For the record, you must report section, and whether it is the "A" or "B" game of that section. Below is an example of how to properly submit a report:

1966 A 7A Smith 1 B. McGoo 0

Many reports are received much less formally written than this, but this is the minimal information that is necessary.

We got very little response to our suggestion about a club league. No firm offers to join were received and only two made any comment at all. We really are at a loss to know why none of you want to participate in anything more sophisticated than a 4 man double round robin. Apparently the only answer is that our group is really too small to bring in any kind of a response to this kind of a program. Too bad, in a way, but of course it's easier on your director. When we took over this job we felt we were really going to broaden our scope in the postal department, but outside of the Washington - Oregon match and Chessfriends sections, (neither of them have been BIG successes) we have come up with a big fat zero. So, guess we'll have to accept the inevitable, and just string along with our present program as it apparently does fit the organization.

TACOMA WOODBUSTERS CHIPS

by J. Ward

Seventy-two! (count 'em) 72! hardy souls have forked out ready cash and joined the TCC. We do hope they get their money's worth. With help from all of you it is not inconceivable that we could break 100.

Currently we are holding the Tacoma Senior Novice tournament. Looks like we will get a few fair tournament players from it, as some have discovered they enjoy tournament chess.

October 4th is the date for the club championship tournament's first round. We hope to get a real majority of our membership, and if we do it'll be a dandy tournament. Entry fee is \$1 for trophy's and etc. We also will give a junior prize of a tournament size chess set. Last year's champion was Vernon Holmes. Can he repeat this year?

We have lost two of our most active players to the east coast. Rick Feist and Lowell Jones have left us. Lowell was our Vice President and a real asset to the club. Rick was a Jr. player making progress up the ladder.

Jim Albrecht has taken over the operations of the club on Wednesday nights. This is Junior only night and they are in the middle of a tournament already. No one has more fun at the club than our junior members, but they can think of more ways to not play chess. Still, when I was visiting last wednesday, I wish to report this to the general membership. Believe it or not there was a full 4 seconds of total quietude, and consecutive too, while they were engaged in tournament play. An historic record!!!

Remember October 4th for the Club championship and YOU be there!

Seattle Chess

Club Notes

By Tim Kauppila

FLASH ZUK TO GIVE A SIMULTANEOUS EXHIBITION--Robert Zuk, Northwest Chess games editor, will be coming to Seattle Saturday, October 12. This will be an excellent chance for you to show him a few stratagems. To insure a chance to play please bring a chess set if you have one. The club will open at 6:00 pm with the fun beginning at 8:00. There will be a \$1.00 board fee. This may be the last in the series of simultaneous exhibitions.

NOTICE

To help the circulation director of Northwest Chess please renew your subscription before it expires. On your address stencil after your name appears the month in which your subscription runs out. Please send in your check, maybe for 2-3 years, before it does so the circulation director does not have to send you a notice of expiration.

Thank you

THE MEMBERSHIP DRIVE is in full swing, and we're out to break the one-hundred mark in membership. Until October 31st new membership dues are reduced. Half-year membership is now only \$5.00 for adults who live within Seattle and only \$3.50 for juniors and out-of-town players. This offer is limited to people who have not belonged to the club in 1968. Join and support organized chess while saving money at the same time.

30 IN ONE--Blowing in this month is the Chess Tornado. Northwest players will now be given a chance to participate in a tornado type tournament, long a favorite in other parts of the country. It will be held at the club October 20th. There will be two sections: one will be open to all and require USCF and WCF memberships, the other section (Reserve) will be open to players rated below 1700. Four rounds will be played in each section.

USCF MASTER, Viktors Pupols, will be giving instruction at the Seattle Chess Club if interest is high enough. Opening, middle, and game strategy and tactics will be examined in terms useful to all in the beginner to 1650 USCF rating levels. He plans to have from six to eight lessons with a fee of \$5.00 or \$1.00 per night to "drop in." Further details and a sign-up sheet may be found at the club.

5-MINUTE RESULTS--Everyone had a "clicking" good time at the August 5-minute round robin. Norman Abrahamson topped the tournament by defeating second place finisher, Larry Reynolds in a special playoff game.

CORWIN SIMULTANEOUS--Seventeen people played the black pieces against Chris Corwin August 30. Each person had to answer P-Q4 which was white's first move on every board. The fun started at 8:00 and continued until after midnight.

Tim Kauppila, Willie Skubi, and Douglas Marquardson were successful in their attempts to topple the "expert," Norman Abrahamson, Fred Howard, and Steve Mar drew. Others who participated: Ron Norman, Norm Hardy, Boyd Garrison, John O'Neill, Steve Chase, O.M. McDaniel, Lou Kiersky, and Neil Sorensen.

It was an excellent demonstration of seven-teen-year-old Chris' skill. I hope he enjoyed it as much as we did.

FATHER-SON NIGHT will be October 25. Members are invited to bring their sons (or dads) and have a night of enjoyable chess. Show them what you do when you spend an evening at the club.

THE TOP FIVE IN OCTOBER are: 1. Svend Monrad 2. Stephen Christopher 3. Tony Elesovic 4. Max Mage 5. Gerrit Zweers.
